

Re: SFPUC Stormwater Design Guidelines Amendment #2:
*Updates to the Stormwater Control Plan review process in the
San Francisco Stormwater Design Guidelines*

July 31, 2012

In June of 2012, the General Manager approved Amendments No. 2 for the *Stormwater Design Guidelines (Guidelines)*. In order to improve and enhance the fairness and effectiveness of the SFPUC's stormwater management programs the Stormwater Control Plan review process of the *Guidelines* has been amended as outlined below. This change is effective immediately and will be reflected in the next revision of the *Guidelines*.

The Stormwater Control Plan review process chart located on page 65 of the *Guidelines* is effectively replaced with the new chart located on the following page.

Edwin M. Lee
Mayor

Anson Moran
President

Art Torres
Vice President

Ann Moller Caen
Commissioner

Francesca Vietor
Commissioner

Vince Courtney
Commissioner

Ed Harrington
General Manager
