

Save Water: Free Devices, Services and Rebates

Water is precious. Our customers use water wisely, and that helps us to make the most of our water supplies.

For those who have room to save more water, we are here to help. We offer rebates, incentives, services, and tools to help all of our residents and businesses achieve their water conservation goals.

Indoors:

Sign Up for a <u>Water-Wise Phone or Video</u> <u>Consultation</u>: Identify costly leaks, and receive personalized tips on how to be more water efficient.

Receive **Free water efficient devices** like aerators, showerheads, hose nozzles, standard toilet flappers and more.

Replace that old toilet for Free.

Water conservation checklists for your **home** or **business**.

Washer Rebates on qualifying water efficient models: rebates <u>\$100 for residential-</u> grade washers and up to \$5000 for commercial grade washers.

Get a \$100 rebate for a hot water recirculation pump. Reduce wait times for hot water to save water and money.

Outdoors:

Sign up for Landscape Water-Wise Evaluations: maximize the water efficiency of your landscape and irrigation system.

Rebates to Irrigate from a <u>Rain barrel or cistern</u>. Learn more with our <u>San Francisco Rainwater</u> <u>Harvesting Manual</u>.

Water from your laundry with a <u>Laundry-to-</u> <u>Landscape graywater kit</u> and our <u>San Francisco</u> <u>Graywater Design Manual</u>.

Be a Water-Wise Gardener with our <u>Water-Wise</u> <u>Gardening Guidebook for San Francisco</u> and <u>Garden Workshops</u>.

Grants for <u>community garden irrigation meters</u> and grants for <u>water-saving retrofits</u> for large landscapes.

Sign up for **MyAccount**: track your water usage data and pay your bill online.

Fix those leaks yourself with our DIY guide book. Leaks can result in thousands of gallons of water waste, bill increases, and potential property damage. We send out leak alerts to customers with continuous water usage.

Report Water Waste to **sf311.org** or call 311. Learn about permanent Water Waste Restrictions.

Water Conservation Requirements

Outdoor Requirements

New or remodeled landscapes of 500 square feet or more are required to comply with the Water Efficient Landscape ordinance. Projects must install and maintain efficient irrigation systems and low water-use plants, and adhere to an annual water budget.

Indoor Requirements

Conservation Ordinance require property owners to repair plumbing leaks and replace old water-wasting toilets, urinals, showerheads, and faucets with water efficient models.

The Residential Water Conservation **Ordinance** and the **Commercial Water**
