

Grant Assistance for Floodwater Management

Step 1: Grant Interest Form

Floodwater Management Grant Interest Form

The San Francisco Public Utilities Commission (SFPUC)'s Floodwater Management Grant Assistance Program ("Grant Program"), launched in 2013, helps property owners in San Francisco minimize the risk of flooding on their properties due to heavy rainstorms. We encourage you to take advantage of the Grant Program.

Resources to help you navigate the Floodwater Grant Program include:

- **Up to \$100,000 reimbursement for eligible flood-proofing projects**
- Streamlined application process with more staff to assist applicants
- Resources for applicants, including a **list of Contractors and Engineers with relevant experience**
- Grant **payments** available **through multiple installments**
- **Upfront contractor payment assistance** for those experiencing financial hardship
- Easy online application process using DocuSign

INTERESTED IN APPLYING? Please include your contact information below and send back to our **Grant Administrator** at FloodwaterGrants@sflower.org. A Grant team member will contact you to schedule a meeting to review your project. Please call us at 415-695-7326 for any questions (*this number is checked daily while we're working remote.*)
