KPMG LLP Suite 1400 55 Second Street San Francisco, CA 94105

Independent Auditors' Report

The Honorable Mayor and Board of Supervisors City and County of San Francisco, California:

Report on the Financial Statements

We have audited the accompanying financial statements of the San Francisco Water Enterprise (the Enterprise), an enterprise fund of the City and County of San Francisco, California (the City), as of and for the years ended June 30, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Enterprise's basic financial statements as listed in the tables of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Enterprise, as of June 30, 2021 and 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with U.S. generally accepted accounting principles.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Enterprise are intended to present the financial position, the changes in financial position and, where applicable, cash flows of only that portion of the City that is attributable to the transactions of the Enterprise. They do not purport to, and do not, present fairly the financial position of the City as of June 30, 2021 and 2020, the changes in its financial position, or, where applicable, its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require that the management's discussion and analysis on pages 3 – 17 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 27, 2022 on our consideration of the Enterprise's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Enterprise's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Enterprise's internal control over financial reporting and compliance.

San Francisco, California January 27, 2022

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

This section presents management's analysis of the San Francisco Water Enterprise's (the Enterprise) financial condition and activities as of and for the fiscal years ended June 30, 2021 and 2020. Management's Discussion and Analysis (MDA) is intended to serve as an introduction to the Enterprise's financial statements. This information should be read in conjunction with the audited financial statements that follow this section. All dollar amounts, unless otherwise noted, are expressed in thousands of dollars.

The information in this MDA is presented under the following headings:

- Organization and Business
- Overview of the Financial Statements
- COVID-19
- Financial Analysis
- Capital Assets
- Debt Administration
- Rates and Charges
- Request for Information

Organization and Business

The San Francisco Public Utilities Commission (SFPUC or the Commission) is a department of the City and County of San Francisco (the City) that is responsible for the maintenance, operation, and development of three utility enterprises: Water (the Enterprise), Hetch Hetchy Water and Power and CleanPowerSF, and Wastewater. The Enterprise collects, transmits, treats, and distributes high-quality drinking water to a total population of approximately 2.7 million people, including retail customers in the City and wholesale customers located in San Mateo, Santa Clara, and Alameda Counties. The Enterprise sold approximately 189 million gallons of water per day in the year ended June 30, 2021. Approximately three-quarter of the water delivered by the Enterprise is to wholesale customers. Retail customers use the remaining one-quarter and are primarily San Francisco consumers, including residential, commercial, industrial, and governmental users. Wholesale customers include cities, water districts, one private utility, and one non-profit university. Service to these customers is provided pursuant to the 25-year Amended and Restated Water Supply Agreement (WSA), commenced on July 1, 2009, which established the basis for determining the costs of wholesale service.

Overview of the Financial Statements

The Enterprise's financial statements include the following:

Statements of Net Position present information on the Enterprise's assets, deferred outflows, liabilities, and deferred inflows as of year-end, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Enterprise is improving or worsening.

While the Statements of Net Position provide information about the nature and amount of resources and obligations as of year-end, the Statements of Revenues, Expenses, and Changes in Net Position present the results of the Enterprise's operations over the course of the fiscal year and information as to how the net position changed during the year. These statements can be used as an indicator of the extent to which the Enterprise has successfully recovered its costs through user fees and other charges. All changes in net position are reported during the period in which the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in these

3

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

statements from some items that will result in cash flows in future fiscal periods, such as delayed collection of operating revenues and the expenses of employee earned but unused vacation leave.

The Statements of Cash Flows present changes in cash and cash equivalents resulting from operational, capital financing, non-capital financing, and investing activities. These statements summarize the annual flow of cash receipts and cash payments, without consideration of the timing of the event giving rise to the obligation or receipt and exclude non-cash accounting measures of depreciation or amortization of assets.

The *Notes to Financial Statements* provide information that is essential to a full understanding of the financial statements that is not displayed on the face of the financial statements.

COVID-19

On February 25, 2020, the City's Mayor issued a proclamation declaring a local emergency to exist in connection with the imminent spread within the City of the novel coronavirus ("COVID-19"). On March 16, 2020, the City's Health Officer issued a stay safe at home order, Health Officer Order No. C19-07 (the "Stay Safe At Home Order"), requiring most people and City employees to remain in their homes subject to certain exceptions including obtaining essential goods such as "food and necessary supplies", and requiring the closure of nonessential businesses. In addition, Section 2 of the second supplement to the emergency proclamation authorizes the SFPUC to suspend the (a) discontinuation or shut off of water service for residents and businesses in the City for non-payment of water and sewer bills and (b) the imposition of late payment penalties or fees for delinquent water and/or sewer bills through July 11, 2020. The proclamation was extended on December 8, 2020 through June 30, 2021 and then again on April 27, 2021, through March 31, 2022. This proclamation did not have a material effect on the operations of the Water enterprise.

Financial Analysis

Financial Highlights for Fiscal Year 2021

- Total assets exceeded total liabilities by \$418,167.
- Net position increased by \$8,502 or 1.3% during the fiscal year.
- Capital assets, net of accumulated depreciation and amortization increased by \$57,254 or 1.0% to \$5,587,799.
- Current and other assets increased by \$31,110 or 4.4% mainly due to bond proceeds from the issuance of 2020 Series ABCD bonds.
- Operating revenues decreased by \$1,739 or 0.3% to \$581,612.
- Operating expenses increased by \$50,726 or 12.7% to \$448,843.

Financial Highlights for Fiscal Year 2020

- Total assets exceeded total liabilities by \$448,825.
- Net position increased by \$98,877 or 18.2% during the fiscal year.
- Capital assets, net of accumulated depreciation and amortization increased by \$141,887 or 2.6% to \$5,530,545.

4

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

- Current and other assets increased by \$96,743 or 16.0% mainly due to increased receivables from other governments and cash from operating activities.
- Operating revenues increased by \$40,960 or 7.6% to \$583,351.
- Operating expenses increased by \$41,023 or 11.5% to \$398,117.

Financial Position

The following table summarizes the Enterprise's changes in net position.

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

Net Position, Fiscal Year 2021

For the period ended June 30, 2021, the Enterprise's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$649,517. Total net position increased from prior year by \$8,502 or 1.3% (see Table 1). The increase in net position was the result of an increase of \$107,058 in assets and deferred outflows, offset by a net increase of \$98,556 in liabilities and deferred inflows of resources.

Current and other assets are primarily comprised of restricted and unrestricted balances of cash, receivables for water deliveries and services, interfund receivables due from other governmental agencies, and inventory. They also include receivables, which represent cumulative amounts due from the wholesale customers to match revenues with the Enterprise's costs of providing service (the Balancing Account), in accordance with the provisions set forth in the WSA effective July 1, 2009. Balances are applied to future year rates. As of June 30, 2021, the Enterprise owed the wholesale customers \$60,864, which was mainly due to higher water demand by the wholesale customers. This amount was recorded as a liability in accordance with the 2009 agreement. See Note 9, Water Supply Agreement, for additional details.

During the fiscal year 2021, current and other assets increased by \$31,110 or 4.4%. The increases included \$57,567 in restricted and unrestricted cash and investments mainly due to the issuance of the 2020 Series ABCD bonds, \$2,372 in prepaid charges advances and others mainly for prepaid expenses of multiple software licensing and membership fees, \$209 in restricted interest and other receivables, and \$160 in inventory due to more purchases than issuances during the fiscal year. The increases were offset by decreases of \$23,725 from the State Water Resources Control Board (SWRCB) State Revolving Funds Loan relating to the SF Recycled Water project mainly from reimbursements received for prior year receivable, \$4,470 in charges for services due to more collections than billings and an increase in allowance for doubtful accounts (allowance for doubtful accounts increased by \$2,934 primarily due to the Mayor's COVID-19 proclamation suspending shutoff of water service and collection of past due accounts), \$994 in interest receivable mainly due to lower interest rates and higher cash distributions than interest earnings, \$7 due to cash received from other governments for grants relating to water efficiency, and \$2 mainly due to collections from the Department of Public Works (DPW) for custom work projects.

Capital assets, net of accumulated depreciation and amortization, increased by \$57,254 or 1.0% mainly due to San Andreas Pipeline No. 2 and San Francisco Groundwater Supply construction and capital improvement activities. The largest portion of the Enterprise's net position of \$517,302 or 79.6% represents net investment in capital assets (see Capital Assets section of the MDA for more information), which decreased by \$10,554 or 2.0% from prior year's \$527,856. The change was explained by an increase of \$67,808 in liabilities related to capital assets mainly from the issuance of 2020 Series ABCD and 2020 Series EFGH bonds, offset by an increase of \$57,254 in capital assets in buildings, structures, and improvements and construction in progress from depreciation.

Deferred outflows of resources increased by \$18,694 due to increases of \$10,802 for unamortized loss on refunding (the result of a \$27,010 increase from the issuance of 2020 Series EFGH bonds, offset by a \$15,156 decrease from amortization and \$1,052 from refunding of the 2010 Series D, 2011 Series D and 2012 Series C bonds), and \$10,179 from OPEB obligations based on actuarial reports. These increases were offset by a \$2,287 decrease relating to pensions based on actuarial reports.

Total liabilities increased by \$119,022 or 2.1% which is due to increases of \$299,480 in outstanding revenue bonds mainly due to the issuance of 2020 Series ABCD and 2020 Series EFGH bonds, \$38,284 in net pension liability based on actuarial report, \$34,136 increase in State Revolving Funds Loan payable due to additional loans relating to the SF Westside Recycled Water project, \$25,956 in general liability

6

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

based on actuarial report, \$3,650 in accrued payroll, vacation and sick leave mainly due to actuarial estimates, 3% increase of cost of living adjustment (COLA), and more days in current year-end payroll accrual compared to prior year-end accrual, \$2,921 in restricted and unrestricted payables due to higher accruals as compared to prior year mainly for the Information Technology project and 19th Ave. Infrastructure Improvement project, and \$792 in unearned revenues mainly due to additional customer credit balances from overpayments. These increases were offset by decreases of \$256,492 in commercial paper primarily due to refunding from the 2020 Series ABCD bonds, \$14,913 in other post-employment benefits obligations from actuarial estimates, \$6,557 in interest payable mainly due to refunding from the 2020 Series EFGH Bonds, \$3,993 in the Wholesale Balancing Account due to higher demand from the wholesale customers (see Note 9 for details), \$2,916 in certificates of participation from repayments and amortization of premium, \$674 in due to other City departments from payments made for legal services provided by the City Attorney and projects performed by the Department of Public Works for Sidewalk Inspection and Repair projects, \$346 in workers' compensation based on actuarial estimates, and \$306 in pollution remediation liability as a result of additional expenditures incurred for the Lake Merced Pacific Rod and Gun Club and 17th and Folsom sites (see Note 13(d) for details).

Deferred inflows of resources decreased by \$20,466 from a \$30,009 decrease related to pensions based on actuarial reports, offset by a \$9,543 increase from OPEB obligations based on actuarial reports.

Net Position, Fiscal Year 2020

For the period ended June 30, 2020, the Enterprise's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$641,015. Total net position increased from prior year by \$98,877 or 18.2% (see Table 1). The increase in net position was the result of an increase of \$269,818 in assets and deferred outflows of resources offset by an increase of \$170,941 in liabilities and deferred inflows of resources.

Current and other assets are primarily comprised of restricted and unrestricted balances of cash, receivables for water deliveries and services, interfund receivables due from other governmental agencies, and inventory. This also includes receivables, which represent cumulative amounts due from the wholesale customers to match revenues with the Enterprise's costs of providing service (the Balancing Account), in accordance with the provisions set forth in the WSA effective July 1, 2009. Balances are applied to future year rates. As of June 30, 2020, the Enterprise owed the wholesale customers \$64,857, which was mainly due to lower water demand by the wholesale customers. This amount was recorded as a liability in accordance with the 2009 agreement. See Note 9, Water Supply Agreement, for additional details.

During the fiscal year 2020, current and other assets increased by \$96,743 or 16.0%. The increases included \$73,271 due from the State Water Resources Control Board (SWRCB) State Revolving Funds Loan relating to the SF Recycled Water project, \$18,866 in restricted and unrestricted cash and investments mainly due to higher cash collections from customers, \$4,810 in charges for services receivable mainly due to an 8% rate increase, \$1,336 in prepaid charges, advances and other receivables mainly for prepaid expenses of software licensing and membership fees, and \$351 in inventory as a result of more purchases than issuances during the fiscal year. These increases were offset by decreases of \$1,393 in interest receivable for interest allocation due to lower rates, \$390 mainly due from the Office of Economic and Workforce Development for custom work projects, \$88 due from other governments for grants relating to water efficiency, and \$20 in restricted interest and other receivables from lower federal interest subsidy receivables compared to prior year.

Capital assets, net of accumulated depreciation and amortization, increased by \$141,887 or 2.6% mainly from the property transfer of 639 Bryant Street for 2000 Marin Street and from construction and capital improvement activities. The largest portion of the Enterprise's net position of \$527,856 or 82.3%

7

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

represents net investment in capital assets (see Capital Assets section of the MDA for more information), which decreased by \$35,601 or 6.3% from prior year's \$563,457; as explained by a \$177,488 increase in liabilities related to capital assets mainly from the issuance of commercial paper, offset by an increase of \$141,887 in capital assets in buildings, structures, and improvements and construction in progress mainly from assets placed into service and pending year end fixed assets entries.

Deferred outflows of resources increased by \$31,188 due to a \$14,441 increase from OPEB obligations, and \$11,619 increase relating to pensions based on actuarial reports. Unamortized loss on refunding increased by \$5,128 from the issuance of the 2010 Series ABC revenue bonds.

Total liabilities increased by \$171,588 or 3.1% which is explained by increases of \$201,018 from additional commercial paper issuances, \$73,271 in State Revolving Funds Loan payable relating to the SF Recycled Water project, \$12,913 in other post-employment benefits obligations from actuarial assumptions, \$4,464 in interest payable mainly from the issuance of 2019 Series ABC revenue bonds, \$3,068 in accrued payroll, vacation and sick leave due to more days in current year end payroll accrual compared to prior year end accrual and 3% cost of living adjustment (COLA), \$2,704 in net pension liability based on actuarial report, \$674 due to other City departments primarily for legal services provided by the City Attorney and projects performed by the Department of Public Works for Sidewalk Inspection and Repair projects, and \$28 in the Wholesale Balancing Account (see Note 9 for details). These increases were offset by decreases of \$113,253 in outstanding revenue bonds due to refunding of principal from the issuance of 2019 Series ABC revenue bonds, principal repayments and premium and discount amortization, \$4,014 in restricted and unrestricted payables mainly due to lower retained contracts payable, \$2,814 in outstanding certificates of participation due to repayment and amortization of premium, \$2,029 in principal of capital appreciation bonds from repayment offset by accretions, \$1.921 in unearned revenues mainly due to reduced custom work deposits, \$1,162 in workers' compensation based on actuarial estimates, \$742 in general liability based on actuarial report, and \$617 in pollution remediation liability due to additional expenditures incurred in the current year for the Lake Merced and 17th and Folsom sites (see Note 13(d) for details).

Deferred inflows of resources decreased by \$647 due to a \$2,211 decrease in OPEB obligations, offset by a \$1,564 increase relating to pensions based on actuarial report.

Results of Operations, Fiscal Year 2021

The Enterprise's total revenues of \$627,826 for the year represented a decrease of \$60,776 or 8.8% from prior year (see Table 2). Decreases included \$48,860 from other non-operating revenues, \$10,177 from interest and investment income, \$2,079 from other operating revenues, and \$447 from charges for service. These decreases were offset by an increase of \$787 from rents and concessions.

Charges for services were \$550,306, a decrease of \$447 or 0.1% mainly due to an 8.8% decrease in consumption for retail customers, and the COVID-19 emergency proclamation issued by the City's Mayor suspending collection of past due accounts, mainly resulting in a \$2,945 increase in the allowance for doubtful accounts which reduced charges for services. This was offset by an adopted rate increase of 7.0% for retail customers beginning July 1, 2020. Rents and concessions were \$12,911, an increase of \$787 or 6.5% mainly due to rent increases and increased royalty revenues. Other operating revenues were \$18,395, a decrease of \$2,079 or 10.2% due to reduced capacity fees and sale of water to other City departments as a result of the SF Health Order relating to COVID-19, offset by a 7.0% adopted rate increase. Interest and investment income was \$340, a decrease of \$10,177 or 96.8% mainly due to unrealized losses resulting from decreases in value of fixed income securities from the City Treasury pool and lower interest earned on cash balances. Other non-operating revenues were \$45,874, a decrease of \$48,860 or 51.6% mainly due to a prior year one-time gain of \$63,600 from the property transfer of 2000 Marin Street and 639 Bryant Street offset by a \$15,000 grant from the State of California for the SF Westside Recycle Water project in current year.

9

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

The Enterprise's total expenses were \$627,875, an increase of \$51,735 or 9.0%. Operating expenses were \$448,843, an increase of \$50,726 or 12.7%, the result of increases of \$27,126 in general administrative and other mainly from judgement and claims based on actuarial estimates, \$12,585 in personnel services mainly due to pension obligations based on actuarial report and a 3% cost of living adjustment, \$9,107 in services provided by other departments mainly from higher water assessment fees paid to Hetch Hetchy Water, \$1,805 in depreciation and amortization due to additional capital assets placed into service, and \$978 in contractual services mainly from equipment maintenance. These increases were offset by a decrease of \$875 in materials and supplies mainly for building and construction supplies. Interest expenses decreased by \$6,640, as compared to prior year, mainly due to refunded bonds. Amortization of bond premium, discount, refunding loss and issuance costs decreased by \$5,970 due to the issuance of the 2020 Series EFGH revenue bonds, which refunded 2010 Series D, 2011 Series D, 2012 Series ABC, and 2017 Series ABC revenue bonds. Non-operating expenses increased by \$1,679 due to increased grants and rebates awarded for water conservation relating to the Onsite Water Reuse Grant Program and community-based services.

Transfers in of \$21,025 from the City included \$20,040 for the Emergency Firefighting Water System and \$985 from the General Fund for Native Plant Garden project and low income assistance programs. Transfers out of \$16,654 included \$16,000 to Hetch Hetchy Water to fund various upcountry water projects, \$622 to the Arts Commission for arts enrichment fund for the SF Recycled Water, Sunol Valley Water Improvement and Mountain Tunnel Improvement projects, and \$32 to the Office of the City Administrator for the Enterprise's contribution to the Surety Bond Program. Capital contribution of \$4,180 was received for water pipeline assets from the Department of Public Works in the current year.

Results of Operations, Fiscal Year 2020

The Enterprise's total revenues of \$688,602 for the year represented an increase of \$98,162 or 16.6% from prior year (see Table 2). Increases included \$62,335 from other non-operating revenues, \$41,050 from charges for services, and \$796 from other operating revenues. These increases were offset by decreases of \$5,133 in interest and investment income, and \$886 from rents and concessions.

Charges for services were \$550,753, an increase of \$41,050 or 8.1% due to an adopted rate increase of 8.0% for retail customers beginning July 1, 2019 coupled with a 5.7% increase in consumption by wholesale customers. Rents and concessions were \$12,124, a decrease of \$886 or 6.8% mainly from termination of leases. Other operating revenues were \$20,474, an increase of \$796 or 4.0% due to an 8.0% rate increase offset by a decrease in capacity fee revenues. Interest and investment income were \$10,517, a decrease of \$5,133 or 32.8% due to lower annualized interest rates. Other non-operating revenues were \$94,734, an increase of \$62,335 or 192.4% mainly due to a one-time gain of \$63,600 from the property transfer of 639 Bryant Street for 2000 Marin Street in San Francisco, CA.

The Enterprise's total expenses were \$576,140, an increase of \$57,488 or 11.1%. Operating expenses were \$398,117, an increase of \$41,023 or 11.5% due to increases of \$21,413 in depreciation and amortization due to additional capital assets placed into service in the prior year, \$8,447 in general administrative and other mainly from reduced capitalization of buildings, structures and improvements and equipment purchases and higher capital project expenses, \$8,349 in personnel services primarily due to cost of living adjustments, pension and OPEB obligations based on actuarial reports, \$1,377 in services provided by other departments mainly from higher water assessment fees paid to Hetch Hetchy Water, \$808 in contractual services mainly from consulting and maintenance services, \$629 in materials and supplies mainly for building and construction supplies. Interest expenses increased by \$13,248 from reduced interest capitalization for capital projects. Amortization of bond premium, discount, refunding loss and issuance costs decreased by \$4,036 due to issuance of 2019 Series ABC revenue bonds which

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

refunded 2010 Series F, 2011 Series A, 2011 Series B, 2011 Series C, and 2012 Series A bonds. Non-operating expenses decreased by \$859 mainly from reduced rebates paid to customers.

Transfers in of \$1,220 were from the General Fund for low income assistance programs and pathway improvements to Miraloma Park. Transfers out of \$14,805 included \$14,000 to Hetch Hetchy Water to fund various upcountry capital projects, \$558 to the Arts Commission for arts enrichment, \$215 to the San Francisco Municipal Transportation Agency for water conservation projects, and \$32 to the Office of the City Administrator for the Surety Bond Program.

Capital Assets

The following table summarizes changes in the Enterprise's capital assets.

Table 3
Capital Assets, Net of Accumulated Depreciation and Amortization
As of June 30, 2021, 2020, and 2019

	2021	2020	2019	2021-2020 Change	2020-2019 Change
Facilities, improvements, machinery, and equipment	\$ 4,948,186	4,928,438	4,890,207	19,748	38,231
Intangible assets	2,763	4,089	5,816	(1,326)	(1,727)
Land	104,248	105,336	30,029	(1,088)	75,307
Construction work in progress	532,602	492,682	462,606	39,920	30,076
Total	\$ 5,587,799	5,530,545	5,388,658	57,254	141,887

Capital Assets, Fiscal Year 2021

The Enterprise has net capital assets of \$5,587,799 invested in a broad range of utility capital assets as of June 30, 2021 (see Table 3). The investment in capital assets includes land, facilities, improvements, water treatment plants, aqueducts, water transmission, distribution mains, water storage facilities, pump stations, water reclamation facilities, machinery, and equipment. The Enterprise's net revenue and long-term debt are used to finance capital investments. Capital assets, net of accumulated depreciation and amortization, increased by \$57,524 from the prior year. Construction work in progress increased by \$39,920 primarily due to additions from the SF Recycled Water project, Sunol Long Term Improvements and Regional Groundwater Storage and Recovery projects. Facilities, improvements, machinery, and equipment increased by \$19,748 mainly attributable to the San Andreas Pipeline No. 2 and Water Main Replacement projects. Intangible assets decreased by \$1,326 due to \$1,601 in amortization, offset by \$143 addition for information technology and \$132 addition for automated meter reading system. Land decreased by \$1,088 as the result of sale of the Wool Ranch property in the Alameda Creek Watershed and reimbursement of land costs for 2000 Marin Street, San Francisco, CA.

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

Major additions to construction work in progress during the year ended June 30, 2021 include the following:

SF Recycled Water Project	\$ 41,231
Sunol Long Term Improvements	15,516
Regional Groundwater Storage & Recovery	12,298
New Water Utility Services	7,992
San Andreas Pipeline No. 2 Replacement	7,961
Water Main Replacement - WD-2739 Castro/19th/26th Streets	7,953
Calaveras Dam Replacement	7,915
Water Main Replacement - WD-2766 Taraval Street	5,172
Auxiliary Water Supply System - Pump Station No. 2	5,135
Other project additions individually below \$5,000	86,496
Total	\$ 197,669

Major depreciable facilities, improvements, intangible assets, machinery, and equipment placed in service, including transfers of completed projects from construction work in progress, during the year ended June 30, 2021 include the following:

San Andreas Pipeline No. 2 Replacement - 4 Segments in San Bruno	\$	43,340
Water Main Replacement - WD-2692 Geary Blvd/36th/48th/Point Lobos Ave		9,329
Water Main Replacement - WD-2719 22nd/Valencia St/Potrero Ave		8,004
New Water Utility Services		7,992
Alameda Creek Watershed Fish Passage Facilities		7,465
Water Main Replacement - WD-2766 Taraval Street		7,328
Water Main Replacement - WD-2793 Geary Blvd/Cleary Ct/Market St		6,655
Other items individually below \$5,000		72,342
Total	\$	162,455
	•	

See Note 4 for additional information about Capital Assets.

Water System Improvement Program

The WSIP delivers capital improvements that enhance the Enterprise's ability to provide reliable, affordable, high-quality drinking water to its 27 wholesale customers and regional retail customers in Alameda, Santa Clara, and San Mateo Counties, as well as approximately 800,000 residential customers in San Francisco, in an environmentally sustainable manner. The program is structured to cost-effectively meet water quality requirements and long-term water supply objectives, as well as improve seismic and delivery reliability.

Overall, the \$4.8 billion WSIP to upgrade the City of San Francisco's regional and local drinking water systems is 99% completed with \$4.8 billion of project appropriations expended through fiscal year ended June 30, 2021. The program consists of 35 local projects located within San Francisco and 52 regional projects spread over seven different counties from the Sierra Foothills to San Francisco. As of June 30, 2021, 35 local projects were completed, and the completion date was June 3, 2020. For regional projects, 44 are completed and the expected completion date is May 2023. Additional details regarding the WSIP are available at https://sfpuc.org/construction-contracts/water-infrastructure-improvements.

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

Capital Assets, Fiscal Year 2020

The Enterprise has net capital assets of \$5,530,545 invested in a broad range of utility capital assets as of June 30, 2020 (see Table 3). The investment in capital assets includes land, facilities, improvements, water treatment plants, aqueducts, water transmission, distribution mains, water storage facilities, pump stations, water reclamation facilities, machinery, and equipment. The Enterprise's net revenue and long-term debt are used to finance capital investments. Capital assets, net of accumulated depreciation and amortization, increased by \$141,887 from the prior year. Land increased by \$75,307 mainly as the result of a property transfer related to 639 Bryant Street for 2000 Marin Street completed in the fiscal year. Facilities, improvements, machinery, and equipment increased by \$38,231 mainly attributable to Sunol Corp Yard, Water Main Replacement, and Alameda Creek Watershed projects. Construction work in progress increased by \$30,076 primarily due to additions from Recycled Water project, San Andreas Pipeline replacement, and Watershed and Environmental Improvement program. Intangible assets decreased by \$1,727 due to \$2,101 amortization, offset by increases of \$374 from Microsoft SharePoint software and IBM Maximo software improvements.

Major additions to construction work in progress during the year ended June 30, 2020 include the following:

Recycled Water Project	\$	46,912
San Andreas Pipeline No. 2 Replacement		27,817
Watershed and Environmental Improvement Program		13,117
Regional Groundwater Storage & Recovery		11,864
Calaveras Dam Replacement		11,119
Water Main Replacement - Van Ness Avenue/Market/Lombard Streets		8,120
New Water Utility Services		7,908
Sunol Long Term Improvements		7,222
San Francisco Groundwater Supply		6,647
Renew Water Utility Services		6,276
Peninsula Water System Improvements		5,922
Water Main Replacement - 16th Street		5,769
Other project additions individually below \$5,000	_	61,734
Total	\$	220,427

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

Major depreciable facilities, improvements, intangible assets, machinery, and equipment placed in service, including transfers of completed projects from construction work in progress, during the year ended June 30, 2020 include the following:

Sunol Corp Yard - Administration Building	\$	32,965
Water Main Replacement - Van Ness Avenue/Market/Lombard Streets		20,692
Water Main Replacement - 16th Street		9,104
Alameda Creek Watershed Fish Passage Facilities		8,597
Sunol Corp Yard - Shop Building #1		8,543
Irving Street Pipeline		7,926
New Water Utility Services		7,908
Renew Water Utility Services		6,276
Sunol Corp Yard - Shop Building #4		5,847
Other items individually below \$5,000	_	70,874
Total	\$	178,732

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

Debt Administration

As of June 30, 2021, the Enterprise had \$5,306,706 total debt outstanding, an increase of \$74,208 over the prior year, as shown below in Table 4. More detailed information about the Enterprise's debt activity is presented in Notes 6, 7, and 8 to the financial statements.

Table 4
Outstanding Debt, Net of Unamortized Costs
As of June 30, 2021, 2020, and 2019

				2021-2020	2020-2019
	2021	2020	2019	Change	Change
\$	4,994,775	4,695,295	4,808,548	299,480	(113,253)
	_	_	2,029	_	(2,029)
	105,862	362,354	161,336	(256,492)	201,018
	98,662	101,578	104,392	(2,916)	(2,814)
	107,407	73,271	_	34,136	73,271
\$_	5,306,706	5,232,498	5,076,305	74,208	156,193
	\$ \$ \$	\$ 4,994,775 - 105,862 98,662 107,407	\$ 4,994,775 4,695,295 	\$ 4,994,775	2021 2020 2019 Change \$ 4,994,775 4,695,295 4,808,548 299,480 - - 2,029 - 105,862 362,354 161,336 (256,492) 98,662 101,578 104,392 (2,916) 107,407 73,271 - 34,136

The increase of \$299,480 in revenue bonds was due to increases of \$1,011,155 from the issuance of 2020 Series ABCD revenue bonds and 2020 Series EFGH revenue refunding bonds, \$73,542 in bond premium from the issuance of 2020 Series ABCD revenue bonds, and \$10 from amortization of discount. These increases were offset by decreases of \$625,080 from the refunding of various revenue bonds by the 2020 Series EFGH refunding revenue bonds, \$76,440 from principal repayment, \$57,820 from refunding of premium, and \$25,887 from amortization of premium. The increase of \$34,136 in State revolving funds loans was from \$49,546 additional loan proceeds and reimbursement request for the SF Westside Recycled Water project, offset by \$15,410 due to \$15,000 for the grant portion received and \$410 of disallowed reimbursement request from the program. The decrease of \$2,916 in certificates of participation was \$2,824 from repayment and \$92 from amortization of premium. The Enterprise had \$79,251 in tax-exempt and \$26,611 in taxable commercial paper as of June 30, 2021, and \$335,793 in tax-exempt and \$26,561 in taxable commercial paper as of June 30, 2020. The decrease of \$256,492 was due to \$272,820 from refunding of tax-exempt commercial paper by the 2020 Series ABCD revenue bonds, offset by additional issuances of \$16,278 in tax-exempt and \$50 in taxable commercial paper.

Credit Ratings and Bond Insurance – The Enterprise carried underlying ratings of "Aa2" and "AA-" from Moody's and Standard & Poor's (S&P) at June 30, 2021, and "Aa2" and "AA-" from Moody's and Standard & Poor's (S&P) at June 30, 2020, respectively.

Debt Service Coverage – Pursuant to the Amended and Restated Indenture, the Enterprise is required to collect sufficient net revenues each fiscal year, together with any Enterprise funds (except Bond Reserve Funds), which are available for payment of debt service and are not budgeted to be expended, at least equal to 1.25 times annual debt service for said fiscal year. During fiscal years 2021 and 2020, the Enterprise's net revenues, together with fund balances available to pay debt service and not budgeted to be expended, were sufficient to meet the rate covenant requirements under the Enterprise's Amended and Restated Indenture (see Note 8).

Debt Authorization – Pursuant to the Charter Section 8B.124, the Enterprise can incur indebtedness upon two-thirds vote of the Board of Supervisors, as approved by voters in Proposition E in November 2002. As of June 30, 2021, the Board of Supervisors has authorized the issuance of \$4,617,099 in revenue bonds under Proposition E, with \$3,660,525 issued against this authorization. The Enterprise can also incur indebtedness of up to \$1,628,000 for improvements to the water system pursuant to Proposition A that

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

was approved by the voters in November 2002. As of June 30, 2021, \$1,499,230 of the \$1,628,000 Proposition A authorized bonds were issued. The Enterprise is also authorized to issue up to \$500,000 in commercial paper.

Cost of Debt Capital – The Enterprise's outstanding long-term debt has coupon interest rates ranging from 0.3% to 7.0% as of June 30, 2021 and 2020. The Enterprise's short-term debt has interest rates ranging from 0.1% to 0.3% during fiscal year 2021, and 0.2% to 2.2% during fiscal year 2020.

Rates and Charges

Rate Setting Process

Retail Customers

Proposition E, as approved by the voters in November 2002, amended the City Charter by adding the new Article VIIIB, entitled "Public Utilities," which changed the Commission's ability to issue new revenue bonds and set retail water rates. For the retail water rate setting, the Commission is required to:

- Establish rates, fees, and charges based on cost of service;
- Retain an independent rate consultant to conduct cost of service studies at least every five years;
- Consider establishing new connection fees;
- Consider conservation incentives and lifeline rates;
- · Adopt a rolling five-year forecast annually; and
- Establish a Rate Fairness Board.

Pursuant to the City and County of San Francisco Charter Section 8B.125, an independent rate study is performed at least once every five years. In compliance with City Charter section 8B.125, a rate study was completed in April 2018 and resulted in an approved four-year retail rate increase. The Commission adopted retail rates effective for four fiscal years from July 1, 2018 through June 30, 2022. SFPUC Rates Schedules and Fees is available at https://sfpuc.org/accounts-services/water-power-and-sewer-rates.

Wholesale Customers

The WSA prescribes the rate setting process for the wholesale water rates. The WSA has a 25-year term, beginning on July 1, 2009, with two 5-year extension options. The WSA was amended and restated on December 11, 2018 by the SFPUC. The contract changed the rate basis by which the capital cost recovery is determined from a "utility basis" to a "cash basis," resulting in the repayment of the cost of capital over the life of the debt funding of those assets rather than the life of the asset. The WSA requires the rate be calculated and set annually and include a reconciliation between prior year revenues and expenses. Refer to Note 9 of the notes to financial statements for further discussion on the balancing account of the wholesale customers.

Management's Discussion and Analysis (Unaudited)
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

The following table is the Enterprise's ten-year average rate adjustments:

Ten-year Average Rate Adjustments

-	_	-	
Effective Date:	Retail		Wholesale ³
July 1, 2012	12.5	1	11.4
July 1, 2013	6.5	1	(16.4)
July 1, 2014	12.0	2	19.6

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

(1) Description of Reporting Entity

The San Francisco Water Enterprise (the Enterprise) was established in 1930 under the provisions of the Charter of the City and County of San Francisco (the City). The Enterprise acquired the fully developed, mature water works for San Francisco on March 3, 1930. Since then, the City has operated and maintained the water works as the San Francisco Water Enterprise. The Board of Supervisors of the City has adopted resolutions (the Water Resolutions) providing for the issuance of various water revenue and refunding bond series. The Water Resolutions require the City to keep separate books of records and accounts of the Enterprise. The Enterprise, which consists of a system of reservoirs, storage tanks, water treatment plants, pump stations, and pipelines, is engaged in the distribution of water to San Francisco and certain suburban areas. In fiscal year 2021, the Enterprise sold approximately 68,812 million gallons, i.e., about 189 million gallons per day of water, to approximately 2.7 million people within San Francisco and certain suburban areas.

The San Francisco Public Utilities Commission (SFPUC or the Commission), established in 1932, is responsible for providing operational oversight of the public utility enterprises of the City, which include the Enterprise along with the City's power and sewer utilities (i.e., Hetch Hetchy Water and Power and CleanPowerSF, of which the Power Enterprise is a component, and the San Francisco Wastewater Enterprise). The Commission is responsible for determining such matters as the rates and charges for services, approval of contracts, and organizational policy.

Until August 1, 2008, the Commission consisted of five members, all appointed by the Mayor. Proposition E, a City Charter amendment approved by the voters in the June 3, 2008 election, terminated the terms of all five existing members of the Commission, changed the process for appointing new members, and set qualifications for all members. Under the amended Charter, the Mayor continues to nominate candidates to the Commission, but nominees do not take office until the Board of Supervisors votes to approve their appointments by a majority (at least six members). The amended Charter provides for staggered four-year terms for the Commission members and requires them to meet the following qualifications:

- Seat 1 must have experience in environmental policy and an understanding of environmental justice issues.
- Seat 2 must have experience in ratepayer or consumer advocacy.
- Seat 3 must have experience in project finance.
- Seat 4 must have expertise in water systems, power systems, or public utility management.
- Seat 5 is an at-large member.

The SFPUC is a department of the City, and as such, the financial operations of the Enterprise, Hetch Hetchy Water and Power and CleanPowerSF, and the Wastewater Enterprises are included in the Annual Comprehensive Financial Report of the City as enterprise funds. These financial statements are intended to present only the financial position, and the changes in financial position and cash flows of only that portion of the City that is attributable to the transactions of the Enterprise. They do not purport to, and do not, present fairly the financial position of the City as of June 30, 2021 and 2020, the changes in its financial position, or, where applicable, the cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles (GAAP).

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

(2) Significant Accounting Policies

(a) Basis of Accounting and Measurement Focus

The accounts of the Enterprise are organized on the basis of a proprietary fund type and are included as an enterprise fund of the City. The activities of this Enterprise are accounted for with a separate set of self-balancing accounts that comprise the Enterprise's assets, deferred outflows, liabilities, deferred inflows, net position, revenues, and expenses. Enterprise funds account for activities (i) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (ii) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (iii) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

The financial activities of the Enterprise are accounted for on a flow of economic resources measurement focus, using the accrual basis of accounting in accordance with U.S. GAAP. Under this method, all assets and liabilities associated with its operations are included on the statement of net position; revenues are recognized when earned, and expenses are recognized when liabilities are incurred. Operating revenues are defined as charges to customers, rental income, and capacity fees.

The Enterprise applies all applicable Governmental Accounting Standards Board (GASB) pronouncements.

(b) Cash and Cash Equivalents

The Enterprise considers its pooled cash and investments held with the City Treasury to be demand deposits and, therefore, cash and cash equivalents for financial reporting. The City Treasury also holds non-pooled cash and investments for the Enterprise. Non-pooled restricted deposits and investments held outside the City Treasury with original maturities of three months or less are also considered to be cash equivalents.

(c) Investments

Money market funds are carried at cost, which approximates fair value. All other investments are stated at fair value based on quoted market prices. Changes in fair value are recognized as investment gains or losses and are recorded as a component of non-operating revenues.

(d) Inventory

Inventory consists primarily of construction materials and maintenance supplies and is valued at average cost. Inventory is expensed as it is consumed.

(e) Capital Assets

Capital assets are defined as assets with an initial individual cost of more than \$5 and an estimated useful life in excess of one year. Capital assets with an original acquisition date prior to July 1, 1977 are recorded in the financial statements at estimated cost, as determined by an independent professional appraisal, or at cost, if known. All subsequent acquisitions have been recorded at cost. All donated capital assets are valued at estimated fair value at the time of donation. Depreciation and amortization are computed using the straight-line method over the

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

estimated useful lives of the related assets, which range from 1 to 100 years for equipment and 1 to 200 years for buildings, structures, and improvements. No depreciation or amortization is recorded in the year of acquisition, and depreciation or amortization is recorded in the year of disposal.

(f) Intangible Assets

Under GASB Statement No. 51, Accounting and Financial Reporting for Intangible Assets, intangible assets are defined as identifiable, non-financial assets capable of being separated, sold, transferred, or licensed, and include contractual or legal rights. Examples of intangible assets include rights-of-way easements, land use rights, water rights, licenses, and permits. The accounting pronouncement also provides guidance on the capitalization of internally generated intangible assets, such as the development and installation of computer software by or on behalf of the reporting entity.

According to the standard, the Enterprise is required to capitalize intangible assets with a useful life extending beyond one reporting period. The Enterprise has established a capitalization threshold of \$100. GASB Statement No. 51 also requires amortization of intangible assets over the benefit period, except for certain assets having an indefinite useful life. Assets with an indefinite useful life generally provide a benefit that is not constrained by legal or contractual limitations or any other external factor and, therefore, are not amortized (see Note 4).

(g) Construction Work in Progress

The cost of acquisition and construction of major plant and equipment is recorded as construction work in progress. Costs of discontinued construction projects are recorded as an expense in the year in which the decision is made to discontinue such projects.

(h) Capitalization of Interest

A portion of the interest cost incurred on capital projects is capitalized for assets that require a period of time to construct or to otherwise prepare them for their intended use. Such amounts are amortized over the useful lives of the assets (see Note 4).

(i) Bond Discount, Premium, and Issuance Costs

Bond issuance costs related to prepaid insurance costs are capitalized and amortized using the effective interest method. Other bond issuance costs are expensed when incurred. Original issue bond discount or premium is offset against the related debt and is also amortized using the effective interest method.

(i) Accrued Vacation and Sick Leave

Accrued vacation pay, which may be accumulated up to 10 weeks per employee, is charged to expense as earned. Sick leave earned subsequent to December 6, 1978 is non-vesting and may be accumulated up to six months per employee.

(k) Workers' Compensation

The Enterprise is self-insured for workers' compensation claims and accrues the estimated cost of those claims, including the estimated cost of incurred but not reported claims (see Note 12(b)).

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

(I) General Liability

The Enterprise is self-insured for general liability and uninsurable property damage claims. Commercially uninsurable property includes assets that are underground or provide transmission and distribution. Maintained commercial coverage does not cover claims attributed to loss from earthquake, contamination, pollution remediation efforts, and other specific naturally occurring contaminants such as mold. The liability represents an estimate of the cost of all outstanding claims, including adverse loss development and estimated incurred but not reported claims (see Note 12(a)).

(m) Arbitrage Rebate Payable

Certain bonds are subject to arbitrage rebate requirements in accordance with regulations issued by the U.S. Treasury Department. The requirements generally stipulate that earnings from the investment of the tax-exempt bond proceeds that exceed related interest costs on the bonds must be remitted to the federal government on every fifth anniversary of each bond issue. The arbitrage rebate liability was \$0 at June 30, 2021 and 2020.

(n) Refunding of Debt

Gains or losses occurring from refunding of debt prior to maturity are reported as deferred outflows and deferred inflows of resources from refunding of debt. Deferred outflows and deferred inflows of resources are recognized as a component of interest expense using the effective interest method over the remaining life of the old debt or the life of the new debt, whichever is shorter.

(o) Income Taxes

As a department of a government agency, the Enterprise is exempt from both federal income taxes and California state franchise taxes.

(p) Revenue Recognition

Water service charges are based on water usage as determined by the Enterprise. Effective July 2013, the majority of residential and non-residential customers are billed on a monthly basis except for building and contractor customers, which are billed on a bi-monthly basis. Revenues earned but unbilled are accrued as charges for services and reflected as a receivable on the statements of net position. The unbilled amounts for the fiscal years ending June 30, 2021 and 2020 were \$30,277 and \$29,876, respectively.

(g) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(r) Accounting and Financial Reporting for Pollution Remediation Obligations

According to GASB Statement No. 49, Accounting and Financial Reporting for Pollution Remediation Obligations, a government would have to estimate its expected outlays for

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

pollution remediation if it knows a site is polluted, and any of the following recognition triggers occur:

- Pollution poses an imminent danger to the public or environment and a government has little or no discretion to avoid fixing the problem;
- A government has violated a pollution prevention-related permit or license;
- A regulator has identified (or evidence indicates it will identify) a government as responsible (or potentially responsible) for cleaning up pollution, or for paying all or some of the cost of the cleanup;
- A government is named (or evidence indicates that it will be named) in a lawsuit to compel it to address the pollution; or
- A government begins or legally obligates itself to begin cleanup or post-cleanup activities (limited to amounts the government is legally required to complete).

As a part of ongoing operations, situations may occur requiring the removal of pollution or other hazardous material. These situations typically arise in the process of acquiring an asset, preparing an asset for its intended use, or during the design phase of projects under review by the project managers. Other times, pollution may arise during the implementation and construction of a major or minor capital project. Examples of pollution may include, but are not limited to: asbestos or lead paint removal, leaking of sewage in underground pipes or neighboring areas, chemical spills, removal and disposal of known toxic waste, harmful biological and chemical pollution of water, or contamination of surrounding soils by underground storage tanks (see Note 13(d)).

(s) Other Post-Employment Benefits

As prescribed under GASB 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, net OPEB liability, deferred outflows/inflows of resources related to OPEB, and OPEB expense are actuarially determined on a citywide basis. Net OPEB liability is measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees attributed to those employees' past service, less the amount of the Retiree Healthcare Trust Fund investments measured at fair value (see Note 10(b)).

(t) New Accounting Standards Adopted in Fiscal Year 2021

- 1) In January 2017, the GASB issued Statement No. 84, Fiduciary Activities. GASB Statement No. 84 establishes criteria for state and local governments to identify fiduciary activities and how those activities should be reported. The new standard is effective for periods beginning after December 15, 2019. The Enterprise adopted the provisions of this Statement in fiscal year 2021, which did not have a significant effect on its financial statements.
- 2) In August 2018, the GASB issued Statement No. 90, Accounting and Financial Reporting for Majority Equity Interests. GASB Statement No. 90 provides clarification when a government should report a majority equity interest in a legally separate organization as either a component unit or an investment. The new standard is effective for periods beginning after December 15, 2019. The Enterprise adopted the provisions of this Statement in fiscal year 2021, which did not have a significant effect on its financial statements.
- 3) In June 2020, the GASB issued Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32. GASB Statement No. 97 clarifies the criteria used in determining whether a fiduciary component unit exists and clarifies financial reporting for Internal Revenue Code section 457 deferred compensation plans. The new standard is effective for periods beginning after June 15, 2021. The Enterprise adopted early the provision of Statement No. 97 in fiscal year 2021, which did not have a significant effect on its financial statements.

4) In October 2021, the GASB issued Statement No. 98, *The Annual Comprehensive Financial Report*. GASB Statement No. 98 updates existing accounting standards by changing the name of the Comprehensive Annual Financial Report to the Annual Comprehensive Financial Report. The new standard is effective for periods ending after December 15, 2021. The Enterprise adopted the provisions of this Statement in fiscal year 2021, which did not have a significant effect on its financial statements.

(u) GASB Statement Implemented in Fiscal Year 2020

1) In May 2020, the GASB issued Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018. The Enterprise adopted the provisions of this Statement in fiscal year 2020.

(v) Future Implementation of New Accounting Standards

- 1) In June 2017, the GASB issued Statement No. 87, Leases. GASB Statement No. 87 establishes a single model for lease accounting and requires reporting of certain lease liabilities that currently are not reported. The new standard is effective for periods beginning after June 15, 2021. The Enterprise will implement the provisions of Statement No. 87 in fiscal year 2022.
- 2) In June 2018, the GASB issued Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period. GASB Statement No. 89 establishes accounting requirements for interest cost incurred before the end of a construction period. The new standard is effective for periods beginning after December 15, 2020. The Enterprise will implement the provisions of Statement No. 89 in fiscal year 2022.
- 3) In May 2019, the GASB issued Statement No. 91, *Conduit Debt Obligations*. GASB Statement No. 91 enhances the compatibility and consistency of conduit debt obligation reporting and reporting of related transactions by State and local government issuers. The new standard is effective for periods beginning after December 15, 2021. The Enterprise will implement the provisions of Statement No. 91 in fiscal year 2023.
- 4) In January 2020, the GASB issued Statement No. 92, *Omnibus 2020*. GASB Statement No. 92 addresses practice issues that have been identified during implementation and application of certain GASB Statements. The new standard is effective for periods beginning after June 15, 2021. The Enterprise will implement the provisions of Statement No. 92 in fiscal year 2022.

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

- 5) In March 2020, the GASB issued Statement No. 93, *Replacement of Interbank Offered Rates (IBOR)*. The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. The new standard is effective for periods beginning after June 15, 2021. The Enterprise will implement the provisions of Statement No. 93 in fiscal year 2022.
- 6) In March 2020, the GASB Issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The new standard is effective for periods beginning after June 15, 2022. The Enterprise will implement the provisions of Statement No. 94 in fiscal year 2023.
- 7) In May 2020, the GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) by a government. The new standard is effective for periods beginning after June 15, 2022. The Enterprise will implement the provisions of Statement No. 96 in fiscal year 2023.

(3) Cash, Cash Equivalents, and Investments

The Enterprise's cash, cash equivalents, and investments with the City Treasury are invested in an unrated City pool pursuant to investment policy guidelines established by the City Treasurer. The objectives of the policy guidelines are, in order of priority, preservation of capital, liquidity, and yield. The policy addresses soundness of financial institutions in which the City will deposit funds, types of investment instruments as permitted by the California Government Code, and the percentage of the portfolio that may be invested in certain instruments with longer terms to maturity. The City Treasurer allocates income from the investment of pooled cash at month-end in proportion to the Enterprise's average daily cash balances. The primary objectives of the Enterprise's investment policy are consistent with the City's policy.

Restricted assets are held by an independent trustee outside the City's investment pool. The assets are held for the purpose of paying future interest and principal on the bonds and for eligible capital project expenditures. The current balances as of June 30, 2021 and 2020 were \$122,853 and \$97,562, respectively. The Enterprise held all investments in guaranteed investment contracts, treasury and government obligations, commercial paper, corporate bonds, and notes, as well as money market mutual funds consisting of Treasury and Government Obligations.

Funds held by the trustee established under the 2002 Amended and Restated Indentures agreements are invested in "Permitted Investments," as defined in the agreement, which includes money market funds and investment agreements. The agreement permits investment in money market funds registered under the Federal Investment Company Act of 1940 whose shares are registered under the Federal Securities Act of 1933 and have a rating by S&P of "AAAm-G," "AAAm," or "AAAm," and a rating by Moody's of "Aaa," "Aa1," or "Aa2". The credit ratings of the money market funds invested in as of June 30, 2021 were "Aaa-mf" and "P-1" by Moody's, and "AAAm" and "A-1+" by S&P. The credit ratings of the money market funds invested in as of June 30, 2020 were "Aaa-mf" and "P-1" by Moody's, and "AAAm" and "A-1+" by S&P. Investment agreements must be with a U.S. bank or trust company that have a rating by Moody's and S&P of "A" or higher, or are guaranteed by any entity with a rating of "A" or higher, at the time the agreement is entered.

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

The Enterprise categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The inputs and techniques used for valuing securities are not necessarily an indication of risk associated with investing in those securities.

The following tables present the restricted and unrestricted cash and investments outside City Treasury as of June 30, 2021 and 2020:

|--|

					Fair Valu	e Measuremer	nts Using
	Credit Ratings	June 30, 20	021	Investments exempt from	Quoted prices in active markets for identical assets	Significant other observable inputs	Unobservable Inputs

Commercial paper is valued using a variety of techniques such as matrix pricing; market corroborated pricing inputs such as yield curve, indices, and other market related data. Commercial paper, money market investments, and cash and cash equivalents are exempt from fair value treatment under GASB Statement No. 72.

The restricted cash and investments outside City Treasury as of June 30, 2021 and 2020 included an unrealized gain due to changes in fair value on commercial paper of \$0.

Additional cash outside of the investment pool included revolving fund and cash in transit. The revolving fund has a balance of \$28 as of June 30, 2021 and 2020, respectively, which is held in a commercial bank in non-interest bearing checking accounts covered by Federal Deposit Insurance Corporation depository insurance. These accounts were established as provided by the City's Administrative Code for revolving fund needs. The cash in transit was \$273 and \$325 as of June 30, 2021 and 2020, respectively.

29

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

The Enterprise's cash, cash equivalents, and investments are shown on the accompanying statements of net position as follows:

	_	2021	 2020
Current assets:			
Cash and investments with City Treasury	\$	483,827	451,499
Cash and investments outside City Treasury		301	353
Restricted cash and investments outside City Treasury		57,165	16,638
Non-current assets:			
Restricted cash and investments outside City Treasury	_	65,688	 80,924
Total cash, cash equivalents, and investments	\$	606,981	549,414

The following table shows the percentage distribution of the City's pooled investments by maturity:

	Investment maturities (in months)							
Fiscal years ended June 30	Under 1	1 to less than 6	6 to less than 12	12 to 60				
2021	14.5%	27.6%	29.7%	28.2%				
2020	30.1%	32.4%	15.6%	21.9%				

(4) Capital Assets

Capital assets with a useful life of 50 years or greater include buildings and structures, reservoirs, dams, treatment plants, pump stations, certain water mains and pipelines, sewer systems, tunnels, and bridges.

Capital assets as of June 30, 2021 and 2020 consist of the following:

		2020	Increases	Decreases	2021
Capital assets not being depreciated and amortized:	_	_	_		_
Land	\$	105,336	_	(1,088)	104,248
Intangible assets		679	_	_	679
Construction work in progress		492,682	197,669	(157,749) *	532,602
Total cap tal assets not being depreciated and amortized	_	598,697	197,669	(158,837)	637,529
Capital assets being depreciated and amortized:	_				
Facilities and improvements		6,258,333	154,905	_	6,413,238
Intangible assets		23,497	275	_	23,772
Machinery and equipment		319,000	7,275	(149)	326,126
Total cap tal assets being depreciated and amortized	_	6,600,830	162,455	(149)	6,763,136
Less accumulated depreciation and amortization for:	_				
Facilities and improvements		(1,423,722)	(130,793)	_	(1,554,515)
Intangible assets		(20,087)	(1,601)	_	(21,688)
Machinery and equipment		(225,173)	(11,639)	149	(236,663)
Total accumulated depreciation and amortization	_	(1,668,982)	(144,033)	149	(1,812,866)
Total capital assets being depreciated and amortized, net	: -	4,931,848	18,422		4,950,270
Total cap tal assets, net	\$	5,530,545	216,091	(158,837)	5,587,799

^{*} Decrease in construction work in progress includes \$3,810 in capital project write-offs, mainly related to Eastside Recycled Water and San Andreas Spillway projects. The remaining difference of \$8,516 is due to direct additions to facilities and improvements, intangible assets and machinery and equipment.

^{*} Decrease in construction work in progress includes \$5,285 in capital project write-offs, mainly related to Daly City Recycled Water, New Fuel Station, and Row Gaps projects. The remaining difference of \$6,334 is related to \$11,774 of construction work in progress transferred to land offset by \$5,440 direct additions to intangible assets and machinery and equipment.

GASB Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 Financial Accounting Standards Board (FASB) and American Institute of Certified Public Accountants (AICPA) Pronouncements, requires that interest expense incurred during construction of assets be capitalized. Interest included in the construction work in progress and total interest expense incurred during the years ended June 30, 2021 and 2020 are as follows:

	2021	2020
Interest expensed	\$ 184,606	191,246
Interest included in construction work in progress	19,461	27,164
Total interest incurred	\$ 204,067	218,410

(5) Restricted Assets

Pursuant to the Indentures, all revenues of the Enterprise (except amounts on deposit in the rebate fund) are irrevocably pledged to the punctual payment of debt service on the Water Revenue and Refunding Bonds. Accordingly, the revenues of the Enterprise shall not be used for any other purpose while any of its Water Revenue and Refunding Bonds are outstanding, except as expressly permitted by the Indentures. Further, all revenues shall be deposited by the City Treasurer, by instruction of the Enterprise, in special funds designated as the Water Enterprise Revenue Fund (the Water Revenue Fund), which must be maintained in the City Treasury. These funds, held at the City Treasury, are recorded in the statement of net position of the Enterprise as cash and investments. Deposits in the Water Revenue Fund, including earnings thereon, shall be appropriated, transferred, expended, or used for the following purposes pertaining to the financing, maintenance, and operation of the Enterprise in accordance with the following priority:

1. The payment of operation and maintenance expenses for such utility and related facilities;

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

- 2. The payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the Enterprise may establish or the Board of Supervisors may require with respect to employees of the Enterprise;
- 3. The payment of principal, interest, reserve, sinking fund, and other mandatory funds created to secure Revenue Bonds and parity State revolving fund loans issued by the Enterprise for the acquisition, construction, or extension of facilities owned, operated, or controlled by the Enterprise;
- 4. The payment of principal and interest on General Obligation Bonds issued by the City for the Enterprise's purposes;
- 5. Reconstruction and replacement as determined by the Enterprise or as required by any of the Enterprise's Revenue Bond ordinances duly adopted and approved; and
- 6. The acquisition of land, real property, or interest in real property for, and the acquisition, construction, enlargement, and improvement of, new and existing buildings, structures, facilities, equipment, appliances, and other property necessary or convenient to the development or improvement of such utility owned, controlled, or operated by the Enterprise; and for any other lawful purpose of the Enterprise, including the transfer of surplus funds pursuant to the Charter.

(Dollars in thousands, unless otherwise stated)

(6) Short-Term Debt

The Commission and the Board of Supervisors have authorized the issuance of up to \$500,000 in commercial paper pursuant to the voter-approved 2002 Proposition E. As of June 30, 2021 and 2020, amounts outstanding under Proposition E were \$105,862 and \$362,354, respectively. Commercial paper interest rates ranged from 0.1% to 2.2%.

With maturities up to 270 days, the Enterprise intends to maintain the program by remarketing the commercial paper upon maturity over the near-to-medium term, at which time outstanding commercial paper will likely be refunded with revenue bonds. This is being done to take advantage of the continued low interest rate environment. If the commercial paper interest rates rise to a level that exceeds these benefits, the Enterprise will refinance the commercial paper with the long-term, fixed-rate debt.

In accordance with GASB Statement No. 88, Certain Disclosures Related to Debt, Including Direct Borrowing and Direct Placements, the Enterprise had \$394,138 and \$137,646 in unused authorization as of June 30, 2021 and 2020, respectively. Significant Events of default as specified in the Reimbursement Agreements, or Revolving Credit Agreement include 1) payment defaults 2) material breach of warranty, representation, or other non-remedied breach of covenants as specified in the respective agreements (not cured within applicable grace periods) and 3) bankruptcy and insolvency events, which may result in all outstanding obligations to be immediately due and payable (unless waived by the respective Bank, if applicable); or issuance of a No-Issuance Notice, reduction in credit to outstanding amount plus interest coverage, and/or termination of the respective agreement. As of June 30, 2021, there were no such events describe herein.

The payments of principal and interest amounts on various bonds are secured by net revenues of the Enterprise.

(a) Capital Appreciation Bonds

The capital appreciation bonds mature from November 1, 2018 and November 1, 2019. The bonds were insured by Municipal Bond Insurance Association (MBIA) and carried "Aaa" and "AAA" ratings from Moody's and S&P, respectively. In February 2009, the bonds were further

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

reinsured by National Public Finance Guarantees Corp. (NPFGC) and carried "Baa1" and "A" ratings from Moody's and S&P, respectively. On May 29, 2013, the SFPUC transferred \$2,500 to U.S. Bank, trustee of the 1991 Series A San Francisco Water Revenue Bonds (the Bonds), for the purpose of replacing the debt service reserve surety policy that had been satisfying the reserve requirement of the bonds. The surety policy had been provided by NPFGC. With this transfer, the surety policy is effectively terminated. The amount deposited with the U.S. Bank will continue to satisfy the reserve requirement on the bonds. Interest on the capital appreciation bonds is due upon maturity and is recognized as annual interest expense over the life of the bonds using the interest method. The Enterprise has recognized \$2,029 of unpaid principal and interest on the capital appreciation bonds as of June 30, 2019 and has reported it as capital appreciation bonds in the accompanying statements of net position. As of June 30, 2021 and 2020, the balance of unpaid principal and interest on the capital appreciation bonds was \$0.

(b) Water Revenue Bonds 2009 Series A

On April 16, 2015, the Enterprise issued \$429,600 of the 2015 Series A revenue bonds for the purpose of refunding \$431,860 of the then outstanding 2006 Series A revenue bonds and \$39,030 of the 2009 Series A revenue bonds. The 2015 bonds bear coupon rates of 2.0% and 5.0% and mature serially from 2018 to 2036. The refunded 2009 Series A bonds carried coupon rates of 5.0% and matured serially between 2023 and 2026. Although the refunding resulted in the recognition of a deferred accounting loss of \$6,168, the economic gain was \$2,559 or 6.6% of the refunded principal. The remaining 2009 Series A bonds not refunded included serial and term bonds with interest rates ranging from 4.0% to 5.3%. The Bonds mature through November 1, 2039.

A portion of the 2015 Series A revenue refunding bonds proceeds was deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreement, dated April 1, 2015, to refund and legally defease a portion of the outstanding 2009 Series A bonds. This deposit, together with certain other available monies was held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities consisting of United States Treasury Securities - SLGS. The principal and interest on monies held by the escrow agent will be sufficient to refund and legally defease the 2009 Series A bonds maturing on November 1, 2023 to and including November 1, 2026.

A portion of the proceeds of the 2016 Series A refunding bonds was deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreement, dated October 1, 2016, to refund and legally defease a portion of the outstanding 2009 Series A bonds. This deposit, together with certain other available monies was held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities. The principal and interest on monies held by the escrow agent will be sufficient to refund and legally defease bonds maturing November 1, 2020 through and including November 1, 2022 and November 1, 2026 to and including November 1, 2039. As of June 30, 2021 and 2020, the principal amount of 2009 Series A bonds outstanding was \$0.

(c) Water Revenue Bonds 2009 Series B

During fiscal year 2010, the Enterprise issued revenue bonds, 2009 Series B, in the amount of \$412,000. The purpose of the bonds is to provide \$377,778 in new money for WSIP capital projects, with the balance applied to financing costs and a cash-funded debt service reserve. The bonds were rated "AA-" and "A1" from S&P and Moody's, respectively. The bonds include

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

serial and term bonds with interest rates varying from 4.0% to 5.0%. The bonds mature through November 1, 2039. The 2009 Series B bonds have a true interest cost of 4.5%.

On February 27, 2013, the Wholesale Water Customers BAWSCA made an early repayment of \$356,139 to the Enterprise. Prepayment proceeds in the amount of \$24,014 were deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreement, dated February 27, 2013, to refund and legally defease a portion of the outstanding 2009 Series B bonds. This deposit, together with certain other available monies, was held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities consisting of United States Treasury Securities - SLGS. The principal and interest on monies held by the escrow agent will be sufficient to partially defease a portion of the 2009 Series B bonds maturing November 1, 2013 through 2018.

A portion of the 2016 Series A revenue refunding bonds proceeds was deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreement, dated October 1, 2016, to refund and legally defease a portion of the outstanding 2009 Series B bonds. This deposit, together with certain other available monies was held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities. The principal and interest on monies held by the escrow agent will be sufficient to refund and legally defease all of the maturities of the 2009 Series B bonds starting on November 1, 2020 and thereafter. As of June 30, 2021 and 2020, the principal amount of 2009 Series B bonds outstanding was \$0.

(d) Water Revenue Bonds 2010 Series AB

In fiscal year 2010, the Enterprise issued revenue bonds, 2010 Series ABC in the combined principal amount of \$488,705. As of June 30, 2021 and 2020, the principal amount of 2016 Series AB bonds outstanding was \$824,575 and \$858,985, respectively.

(I) Water Revenue Bonds 2016 Series C

In December 2016, the Enterprise issued taxable bonds, 2016 Series C in the amount of \$259,350. The bonds were issued as Green Bonds. The purpose of the bonds was to refund all of the outstanding taxable commercial paper notes in the approximate amount of \$237,000, and to provide \$19,975 of new money for WSIP capital projects. The bonds carried "Aa3" and "AA-" ratings from Moody's and S&P, respectively. The 2016 Series C bonds include serial bonds with interest rates varying from 0.9% to 4.0% and have a final maturity in 2046, and two term bonds with 4.0% and 4.2% interest rates and final maturities of 2041 and 2046. The Series C bonds have a true interest cost of 3.9%. As of June 30, 2021 and 2020, the principal amount of 2016 Series C bonds outstanding was \$237,050 and \$242,755, respectively.

(m) Water Revenue Bonds 2017 Series ABC

In December 2017, the Enterprise issued tax-exempt revenue bonds, 2017 ABC in the aggregate amount of \$339,540. The purpose of the 2017 Series ABC Bonds was to refund approximately \$120,500 aggregate principal amount of commercial paper notes and to provide

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

\$230,500 new money for WSIP capital projects, other various capital projects of the Water Enterprise, and capital projects of Hetch Hetchy Water. The bonds carried "Aa3" and "AA-" ratings from Moody's and S&P, respectively. The 2017 Series ABC bonds include serial bonds with coupon rates of 5.0% and have final maturity in 2045, and four term bonds with coupons of 5.0% and final maturities from 2045 to 2047.

The \$121,140 2017 Series A bonds were issued as tax-exempt Green Bonds to refund approximately \$60,265 of commercial paper notes and to provide \$65,500 in new money for WSIP capital projects. The Series A bonds were issued as serial and term bonds with coupons of 5.0% and a final maturity of 2047. The Series A bonds have a true interest cost of 3.8%. A portion of the proceeds of the 2020 Series E refunding bonds were deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreement dated October 1, 2020 to refund and legally defease a portion of the outstanding 2017 Series A bonds. These deposits, together with certain other available monies was held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities. The principal and interest on monies held by the escrow agent will be sufficient to redeem the maturities of the 2017 Series A bonds starting on November 1, 2030 and thereafter. As of June 30, 2021 and 2020, the principal amount of 2017 Series A bonds outstanding was \$27,000 and \$121,140, respectively.

The \$147,725 2017 Series B bonds were issued as tax-exempt bonds to provide \$150,000 in new money for Water Enterprise capital projects (non-WSIP). The Series B bonds were issued as serial and term bonds with coupons of 5.0% and have a final maturity of 2047. The Series B bonds have a true interest cost of 3.8%. A portion of the proceeds of the 2020 Series F refunding bonds were deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreement dated October 1, 2020 to refund and legally defease a portion of the outstanding 2017 Series B bonds. These deposits, together with certain other available monies was held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities. The principal and interest on monies held by the escrow agent will be sufficient to redeem the maturities of the 2017 Series B bonds starting on November 1, 2030 and thereafter. As of June 30, 2021 and 2020, the principal amount of 2017 Series B bonds outstanding was \$32,930 and \$147,725, respectively.

The \$70,675 2017 Series C bonds were issued as tax-exempt bonds to refund approximately \$60,266 of commercial paper notes and to provide \$15,000 in new money for Hetch Hetchy Water capital projects. The Series C bonds were issued as serial bonds and a term bond with coupons of 5.0% and have a final maturity of 2047. The Series C bonds have a true interest cost of 3.8%. A portion of the proceeds of the 2020 Series H refunding bonds were deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreement dated October 1, 2020 to refund and legally defease a portion of the outstanding 2017 Series C bonds. These deposits, together with certain other available monies was held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities. The principal and interest on monies held by the escrow agent will be sufficient to redeem the maturities of the 2017 Series C bonds starting on November 1, 2030 and thereafter. As of June 30, 2021 and 2020, the principal amount of 2017 Series C bonds outstanding was \$15,750 and \$70,675, respectively.

(n) Water Revenue Refunding Bonds 2017 Series DEFG

In December 2017, the Enterprise issued tax-exempt revenue bonds, 2017 Series DEF, and taxable 2017 Series G refunding bonds in the aggregate amount of \$442,180. The 2017 Series D (WSIP, Green) bonds were issued for the purpose of refunding a portion of the outstanding

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

2011 Series A (WSIP) bonds maturing on and after November 1, 2022, a portion of the outstanding 2012 Series A bonds maturing on and after November 1, 2031.

The 2017 Series E bonds were issued for the purpose of refunding a portion of the outstanding 2011 Series C bonds maturing on or after November 1, 2022, a portion of the outstanding 2011 Series D bonds maturing on and after November 1, 2022, a portion of 2012 Series C1 bonds maturing on or after November 1, 2029.

The 2017 Series F bonds were issued for the purpose of refunding a portion of the outstanding 2011 Series B bonds maturing on or after November 1, 2022.

The taxable 2017 Series G (WSIP, Green) bonds were issued to refund a portion of the outstanding 2011 Series A bonds maturing on and after November 1, 2022.

The bonds carried "Aa3" and "AA-" ratings from Moody's and S&P, respectively. The 2017 Series DEFG bonds include serial bonds with interest rates varying from 2.0% to 5.0% and have a final maturity in 2035. The Series DEFG bonds have a true interest cost of 2.9%. The refunding resulted in the recognition of a deferred accounting loss of \$34,275, gross debt service savings of \$68,942, and an economic gain of \$51,698 or 10.7% of refunded principal. As of June 30, 2021 and 2020, the principal amount of 2017 Series DEFG bonds outstanding was \$438,095 and \$439,485, respectively.

(o) Water Revenue Refunding Bonds 2019 Series ABC

In January 2020, the Enterprise issued taxable revenue bonds, 2019 Series ABC refunding bonds in the aggregate amount of \$656,955. The 2019 Series A (WSIP, Green) bonds were issued for the purpose of refunding a portion of the outstanding 2010 Series F (WSIP) bonds maturing on and after November 1, 2020, a portion of the outstanding 2011 Series A (WSIP) bonds maturing on and after November 1, 2020, and a portion of the outstanding 2012 Series A (WSIP) bonds maturing on and after November 1, 2035.

The 2019 Series B (Hetch Hetchy Water) bonds were issued for the purpose of refunding a portion of the outstanding 2011 Series B bonds maturing on or after November 1, 2032.

The 2019 Series C (Local) bonds were issued for the purpose of refunding a portion of the outstanding 2011 Series C bonds maturing on or after November 1, 2032.

The bonds carried "Aa2" and "AA-" ratings from Moody's and S&P, respectively. The 2019 Series ABC bonds include serial bonds with interest rates varying from 1.8% to 3.5% and have a final maturity in 2043. The Series ABC bonds have a true interest cost of 3.3%. The refunding resulted in the recognition of a deferred accounting loss of \$17,329, gross debt service savings of \$119,827, and an economic gain of \$92,556 or 14.0% of refunded principal. As of June 30, 2021 and 2020, the principal amount of 2019 Series ABC bonds outstanding was \$650,100 and \$656,955, respectively.

(p) Water Revenue Bonds 2020 Series ABCD

In September 2020, the Enterprise issued tax-exempt revenue bonds, 2020 Series ABCD in the aggregate amount of \$346,760. The purpose of the 2020 Series ABCD Bonds was to refund approximately \$229,770 aggregate principal amount of commercial paper notes and to provide \$164,632 new money for various capital projects of the Water Enterprise, and capital projects of Hetch Hetchy Water. The bonds carried "Aa2" and "AA-" ratings from Moody's and S&P,

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

respectively. The 2020 Series ABCD bonds include term bonds with coupons of 3.0% to 5.0% and final maturities from 2045 to 2050.

The \$150,895 2020 Series A bonds were issued as tax-exempt Green Bonds to refund approximately \$180,000 of commercial paper notes for WSIP capital projects. The Series A bonds were issued as term bonds with coupons of 4.0% and 5.0% and a final maturity of 2050. The 2020 Series A bonds have a true interest cost of 3.3%. As of June 30, 2021, the principal amount of 2020 Series A bonds outstanding was \$150,895.

The \$61,330 Series B bonds were issued as tax-exempt bonds to provide \$69,644 in new money for Water Enterprise capital projects (non-WSIP, Regional). The Series B bonds were issued as term bonds with coupons of 5.0% and have a final maturity of 2050. The Series B bonds have a true interest cost of 3.7%. As of June 30, 2021, the principal amount of 2020 Series B bonds outstanding was \$61,330.

The \$85,335 Series C bonds were issued as tax-exempt bonds to provide \$94,948 in new money for Water Enterprise capital projects (non-WSIP, Local). The Series C bonds were issued as term bonds with coupons of 4.0% and have a final maturity of 2050. The Series C bonds have a true interest cost of 3.0%. As of June 30, 2021, the principal amount of 2020 Series C bonds outstanding was \$85,335.

The \$49,200 Series D bonds were issued as tax-exempt bonds to refund approximately \$49,761 of commercial paper notes for Hetch Hetchy Water capital projects. The Series D bonds were issued as term bonds with coupons of 3.0% and a final maturity of 2050. The 2020 Series D bonds have a true interest cost of 2.7%. As of June 30, 2021, the principal amount of 2020 Series D bonds outstanding was \$49,200.

(q) Water Revenue Refunding Bonds 2020 Series EFGH

In October 2020, the Enterprise issued taxable revenue bonds, 2020 Series EFGH refunding bonds in the aggregate amount of \$664,395. The 2020 Series E (WSIP, Green) bonds were issued for the purpose of refunding a portion of the outstanding 2010 Series D (WSIP) bonds maturing on and after November 1, 2020, a portion of the outstanding 2012 Series A (WSIP) bonds maturing on and after November 1, 2038, and a portion of the outstanding 2017 Series A (WSIP) bonds maturing on and after November 1, 2030.

The 2020 Series F (non-WSIP, Regional) bonds were issued for the purpose of refunding a portion of the outstanding 2017 Series B bonds maturing on or after November 1, 2030.

The 2020 Series G (non-WSIP, Local) bonds were issued for the purpose of refunding a portion of the outstanding 2010 Series D bonds maturing on or after November 1, 2020, a portion of the 2011 Series D bonds maturing on or after November 1, 2022, a portion of 2012 Series B bonds maturing on or after November 1, 2031, and a portion of 2012 Series C bonds maturing on or after November 1, 2025.

The 2020 Series H (Hetch Hetchy Water) bonds issued for the purpose of refunding a portion of the outstanding 2017 Series C bonds maturing on or after November 1, 2030.

The bonds carried "Aa2" and "AA-" ratings from Moody's and S&P, respectively. The 2020 Series EFGH bonds include serial bonds and term bonds with interest rates varying from 0.3% to 3.1% and have a final maturity in 2047. The Series EFGH bonds have a true interest cost of 2.7%. The refunding resulted in the recognition of a deferred accounting loss of \$27,010, gross debt

Notes to Financial Statements

Less: Unamortized bond discount		(133)			
Add: Unamortized bond premiums	_	301,758			
Long-term portion as of June 30, 2021	\$ <u>_</u>	4,886,275			

^{*} The SFPUC received IRS notice dated June 29, 2021 that the federal interest subsidies on the 2010 Series B bonds, 2010 Series E bonds, and 2010 Series G bonds are reduced by 5.7%, or a total reduction of \$20,081, due to sequestration over the remaining life of the bonds assuming the sequestration rate will remain the same.

As defined in the Indentures, the principal and interest of the Enterprise's revenue and refunding bonds are payable from its revenues, as well as monies deposited in certain funds and accounts pledged thereto (see Note 5).

(s) Clean Water State Revolving Fund (CWSRF) Loan and Grant

In September 2017, the SFPUC entered into an Installment Sale Agreement with the State Water Resources Control Board for a Clean Water State Revolving Fund (CWSRF) Loan and Grant to fund the Enterprise's SF Westside Recycled Water Project. The CWSRF loan is in the amount of \$186,220, which includes \$15,000 of principal forgiveness, or a grant. It will bear an interest rate of 1.0% for a 30-year term, with loan repayment beginning one year after substantial completion of project construction. The CWSRF loan is secured on a parity lien basis with the Enterprise's outstanding revenue bonds. The principal outstanding as of June 30, 2021 was \$107,407. In addition, there was \$15,000 of principal forgiveness. As of June 30, 2020, principal outstanding was \$73,271.

(t) Proposition A

On November 5, 2002, the San Francisco voters passed Proposition A, which provides for the issuance of revenue bonds and/or other forms of indebtedness by the Commission in a principal amount not to exceed \$1,628,000 to finance the acquisition and construction of improvements to the City's Water System. As of June 30, 2021, there was no commercial paper outstanding pursuant to this authorization and \$1,499,230 of bonds had been issued in fiscal years 2006, 2010, 2012, 2021 against Prop A. The total authorization against Prop A was \$1,499,230 as of June 30, 2021.

(u) Proposition E

On November 5, 2002, the San Francisco voters passed Proposition E, which authorizes the Board of Supervisors' approval of the issuance of revenue bonds and/or other forms of indebtedness by the Commission to finance costs for the Commission's capital programs, including WSIP. As of June 30, 2021, the Board of Supervisors authorized the issuance of \$4,617,099 in revenue bonds with \$3,660,525 issued against this authorization; and in September 2017, the SFPUC entered into an Installment Sale Agreement with the State Water Resources Control Board for a Clean Water State Revolving Fund (CWSRF) Loan and Grant to fund the Enterprise's SF Westside Recycled Water Project in the amount of \$186,220 (which includes a \$15,000 grant and \$107,407 in reimbursements requested on the loan as of June 30, 2021). Additionally, \$105,862 and \$362,354 in commercial paper was outstanding pursuant to this authorization as of June 30, 2021 and 2020, respectively.

(v) Certificates of Participation Issued for the 525 Golden Gate Avenue Headquarters Building

In October 2009, the City issued \$167,670 in certificates of participation to fund the headquarters building of the SFPUC at 525 Golden Gate Avenue. The 2009 Series C were issued for \$38,120 and 2009 Series D for \$129,550 as "Build America Bonds" on a taxable basis under the 2009 American Recovery and Reinvestment Act. The 2009 Series C certificates carry interest rates ranging from 2.0% to 5.0% and mature on November 1, 2022. The 2009 Series D certificates carry interest rates ranging from 6.4% to 6.5% and mature on November 1, 2041, after adjusting for the federal interest subsidy, the true interest cost averages 3.4% and 4.3% for Series C and Series D, respectively.

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

Under the terms of a memorandum of understanding (MOU) between the City and the SFPUC dated October 1, 2009, the City conveyed the real property to the Trustee, the Bank of New York Mellon Trust Company, N.A., which was replaced by U.S. Bank in March 2014 under a property lease in exchange for the proceeds of the sale of the certificates. The Trustee has leased the property back to the City for the City's use under a project lease. The City is obligated under the project lease to pay base rental payments and other payments to the Trustee each year during the 32-year term of the project lease. The Commission makes annual base rental payments to the City for the building equal to annual debt service on the certificates. It is anticipated these lease costs will be offset with reductions in costs associated with current office rental expense. There are no events of default stated in the MOU.

Each of the three Enterprises has an ownership interest in the building equal to their projected usage of space as follows: Water (73%), Wastewater (15%), and Power (12%). Similarly, each Enterprise is responsible for a portion of the annual base rental payment based on their ownership percentages less contributed equity. The percentage share of base rental payments for the Enterprises is as follows: Water (71.4%), Wastewater (18.9%), and Power (9.7%).

The future annual debt services relating to the certificates of participation 2009 Series C and D outstanding as of June 30, 2021 are as follows:

Certificates of Participation 2009 Series C (Tax-Exempt)	Principal	Interest	Total
Fiscal years ending June 30:			
2022	\$ 2,970	230	3,200
2023	3,124	78	3,202
	 6,094	308	6,402
Less: Current portion	(2,970)		
Add: Unamortized bond premiums	69		
Long-term portion as of June 30, 2021	\$ 3,193		

Certificates of Participation 2009 Series D (Taxable)		Principal	Interest before subsidy	Federal interest subsidy *	Interest net of subsidy
Fiscal years ending June 30:					
2022	\$	_	5,968	(1,970)	3,998

2032-2036		24,751	16,291	(5,377)	10,914
2037-2041		30,523	7,357	(2,428)	4,929
2042		6,912	224	(74)	150
Total	•		76,252	(25,166)	51,086
Long-term portion as of June 30, 2021	\$	92,499			

^{*} The SFPUC received IRS notice dated June 29, 2021 that the federal interest subsidy on the 2009 Series D bonds is reduced by 5.7%, or a total reduction of \$1,521, due to sequestration over the remaining life of the bonds assuming the sequestration rate will remain the same.

(w) Events of Default and Remedies

In accordance with GASB Statement No. 88, Certain Disclosures Related to Debt, Including Direct Borrowing and Direct Placements. Significant Events of default as specified in the Water Enterprise Indenture (applicable to Water Revenue Bonds, Capital Appreciation Bonds and SRF

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

Loan) include 1) Non-payment 2) material breach of warranty, representation or indenture covenants (not cured within applicable grace periods) and 3) bankruptcy and insolvency events, which may result in the Trustee (upon written request by the majority of the owners (by aggregate amount of the bond obligations or of a credit provider), declaring the principal and the interest accrued thereon, and of all Capital Appreciation bonds then outstanding, in the amount of the Accreted Value thereof, to be due and payable immediately. As of June 30, 2021, there were no such events describe herein.

(8) Revenue Pledge

The Enterprise has pledged future revenues to repay various revenue bonds and State Revolving Fund loans. Proceeds from the revenue bonds and State Revolving Fund loans provided financing for various capital construction projects, and to refund previously issued bonds. The bonds and State Revolving Fund loans are payable solely from revenues of the Enterprise through the fiscal year ending 2051.

The original amount of revenue bonds and State Revolving Funds loan issued, total principal and interest remaining, principal and interest paid during fiscal years 2021 and 2020, applicable net revenues and funds available for debt service are as follows:

	2021	2020	
Bonds issued with revenue pledge	\$ 4,891,480	 4,585,440	•
Principal and interest remaining due at the end of the year	7,771,993	7,388,886	
Clean Water State Revolving Fund (CWSRF) loans with revenue pledge	107,407	73,271	
Principal and interest paid during the year	248,427	269,210	
Net revenues for the year ended June 30	339,046	339,947	
Funds available for debt service	467,738	581,878	

(9) Wholesale Balancing Account

Water Supply Agreement

From 1984-2009, the Enterprise provided water service pursuant to the terms of the 1984 Water Settlement Agreement and Master Water Sales Contract, which established the basis for water rates to be charged to those customers (Wholesale Customers). The Master Water Sales Contract expired on June 30, 2009. The Commission and the Wholesale Customers approved a Water Supply Agreement (WSA) effective July 1, 2009 (the contract was restated and amended by the SFPUC on December 11, 2018). The WSA has a 25-year term from July 1, 2009 with two options for five-year extensions. The existing 184 million gallons per day (mgd) Supply Assurance continues under the WSA and no increase in the Supply Assurance will be considered before December 31, 2028. During the period from 2009 to 2028, the WSA limits the quantity of water delivered to Retail Customers and Wholesale Customers from the watersheds to 265 mgd. Under the WSA, annual operating expenses, including debt service on bonds sold to finance regional system improvements and regional capital projects funded from revenues, will be allocated between Retail Customers and Wholesale Customers on the basis of proportionate annual water use. The original WSA stated the Wholesale Customers' share of net book value of existing regional assets as of June 30, 2009 would be recovered on level annual payment over the 25-year term of the WSA at an interest rate of 5.13%. The 25-year term repayment obligation was settled in February 2013. The Wholesale Customers made an early repayment to the Enterprise of the outstanding balance of \$356,139 as discussed further in the "BAWSCA Early Repayment" Section 5.03 of the WSA. The WSA continues much of the rate setting,

Notes to Financial Statements

(Dollars in thousands, unless otherwise stated)

accounting, and dispute resolution provisions contained in the expired contract, and has emergency and drought-pricing adjustment provisions.

Pursuant to the terms of the WSA, the Enterprise is required to establish water rates applicable to the Wholesale Customers annually. The wholesale water rates are based on an estimate of the level of revenues necessary to recoup the cost of distributing water to the Wholesale Customers in accordance with the methodology outlined in Article V of the WSA (the Wholesale Revenue Requirement (WRR), previously known as the Suburban Revenue Requirement). During fiscal years ending in 2021 and 2020, the WRR, net of adjustments, charged to such wholesale customers was \$275,992 and \$256,280, respectively. Such amounts are subject to final review by the Wholesale Customers, along with a trailing wholesale balancing account compliance audit of the WRR calculation.

Pursuant to Article VII, Section 7.02 of the WSA, the Enterprise is required to re-compute the WRR after the close of each fiscal year based on the actual costs incurred in the delivery of water to the Wholesale Customers. The difference between the wholesale revenues earned during the year and the "actual" WRR is recorded in a separate account (the Balancing Account) and represents the cumulative amount that is either owed to the Wholesale Customers (if the wholesale revenues exceed the WRR) or owed to the City (if the WRR exceeds the wholesale revenues paid). In accordance with Article VI of the WSA, the amount recorded in the Balancing Account shall earn interest at a rate equal to the average rate received by the City during the year on the invested pooled funds of the City Treasury, and shall be taken into consideration in the determination of subsequent wholesale water rates. The Enterprise owed the Wholesale Customers \$60,864 and \$64,857 for the years ended June 30, 2021 and 2020, respectively, a decrease of \$3,993. Refer to the compliance audit report for the final balancing account available at https://sfpuc.org/about-us/reports/audited-financial-statements-annual-financial-reports.

In addition to advancing funds to acquire the pre-2009 assets as discussed previously, the Enterprise has also previously appropriated funds, advanced through rates charged to Retail Customers, for construction of capital projects that were not yet placed into service as of June 30, 2009. Wholesale Customers' share of these construction work in progress costs is calculated in accordance with the provisions in the WSA, including a 10-year repayment term and payment of annual principal and interest rate calculated at 4.0% annually. The total obligation of the Wholesale Customers to the Enterprise is estimated at \$9,542, and the level annual payment including principal and interest is approximately \$1,159. The Wholesale Customers made the first annual payment as of June 30, 2015 and will end on June 30, 2024.

(10) Employee Benefits

(a) Pension Plan

The Enterprise participates in a cost-sharing multiple-employer defined benefit pension Plan (the Plan). The Plan is administered by the San Francisco City and County Employees' Retirement System (SFERS). For purposes of measuring the net pension liability, deferred outflows/inflows of resources related to pensions, pension expense, information about the fiduciary net position of the SFERS Plan, and additions to/deductions from the SFERS Plan's fiduciary net position have been determined on the same basis as they are reported by the SFERS Plan. Contributions are recognized in the period in which they are due pursuant to legal requirements. Benefit payments (including refunds of employee contributions) are recognized

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

Replacement Benefits Plan – The Replacement Benefits Plan (RBP) is a qualified excess benefit plan established in October 1989. Internal Revenue Code Section 415(m) provides for excess benefit arrangements that legally permit benefit payments above the Section 415 limits, provided that the payments are not paid from the SFERS Plan. The RBP allows the City to pay SFERS retirees any portion of the Charter-mandated retirement allowance that exceeds the annual Section 415(b) limit. The RBP plan does not meet the criteria of a qualified trust under GASB Statement No. 73 because RBP assets are subject to the claims of the employer's general creditors under federal and state law in the event of insolvency.

GASB Statements No. 68 and 73 require that the SFERS Plan and RBP reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Fiscal year 2021					
Valuation Date (VD)	June 30, 2019 updated to June 30, 2020				
Measurement Date (MD)	June 30, 2020				
Measurement Period (MP)	July 1, 2019 to June 30, 2020				
F	Fiscal year 2020				
Valuation Date (VD)	June 30, 2018 updated to June 30, 2019				
Measurement Date (MD)	June 30, 2019				
Measurement Period (MP)	July 1, 2018 to June 30, 2019				

The City is an employer of the plan with a proportionate share of 94.39% as of June 30, 2020 (measurement date), and 94.13% as of June 30, 2019 (measurement date), 0.26% increase from prior year. The Enterprise's allocation percentage was determined based on the Enterprise's employer contributions divided by the City's total employer contributions for fiscal years 2020 and 2019. The Enterprise's net pension liability, deferred outflows/inflows of resources related to pensions, amortization of deferred outflows/inflows, and pension expense is based on the Enterprise's allocated percentage. The Enterprise's allocation of the City's proportionate share was 4.21% as of June 30, 2020, and 4.23% as of June 30, 2019 (measurement dates).

Replacement Benefits Plan – The Enterprise's allocation percentage was determined based on the Enterprise's headcount (both active members and retirees) divided by the City's total headcount for fiscal year 2020. The Enterprise's total pension liability, deferred outflows/inflows of resources related to pensions, amortization of deferred outflows/inflows and pension expense is based on the Enterprise's allocated percentage. The Enterprise's allocation of the City's proportionate share was 0.64% as of the measurement date.

Plan Description – The Plan provides basic service retirement, disability, and death benefits based on specified percentages of defined final average monthly salary and provides annual cost-of-living adjustments after retirement. The Plan also provides pension continuation benefits to qualified survivors. The San Francisco City and County Charter and the Administrative Code are the authorities which establish and amend the benefit provisions and employer obligations of the Plan. The Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. That report may be obtained on the Retirement System's website or by writing to the San Francisco City and County

Notes to Financial Statements

(Dollars in thousands, unless otherwise stated)

Employees' Retirement System, 1145 Market Street, 5th Floor, San Francisco, CA 94103 or by calling (415) 487-7000.

Benefits – Retirement System provides service retirement, disability and death benefits based on specified percentages of defined final average monthly salary and annual cost of living adjustments (COLA) after retirement. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. The Retirement System pays benefits according to the category of employment and the type of benefit coverage provided by the City and County. The four main categories of Plan members are:

- a) Miscellaneous Non-Safety Members staff, operational, supervisory, and all other eligible employees who are not in special membership categories.
- b) Sheriff's Department and Miscellaneous Safety Members sheriffs assuming office on and after January 7, 2012, and undersheriffs, deputized personnel of the sheriff's department, and miscellaneous safety employees hired on and after January 7, 2012.
- c) Firefighter Members firefighters and other employees whose principal duties are in fire prevention and suppression work or who occupy positions designated by law as firefighter member positions.
- d) Police Members police officers and other employees whose principal duties are in active law enforcement or who occupy positions designated by law as police member positions.

The membership groups and the related service retirement benefits are included in the Notes to the Basic Financial Statements of San Francisco Employees' Retirement System.

All members are eligible to apply for a disability retirement benefit, regardless of age, when they have 10 or more years of credited service and they sustain an injury or illness that prevents them from performing their duties. Safety members are eligible to apply for an industrial disability retirement benefit from their first day on the job if their disability is caused by an illness or injury that they receive while performing their duties.

All retired members receive a benefit adjustment each July 1, which is the Basic COLA. The majority of adjustments are determined by changes in CPI with increases capped at 2%. The Plan provides for a Supplemental COLA in years when there are sufficient "excess" investment earnings in the Plan. The maximum benefit adjustment each July 1 is 3.5% including the Basic COLA. Effective July 1, 2012, voters approved changes in the criteria for payment of the Supplemental COLA benefit, so that Supplemental COLAs would only be paid when the Plan is also fully funded on a market value of assets basis. Certain provisions of this voter-approved proposition were challenged in the Courts. A decision by the California Courts modified the interpretation of the proposition. Effective July 1, 2012, members who retired before November 6, 1996 will receive a Supplemental COLA only when the Plan is also fully funded on a market value of assets basis. However, the "full funding" requirement does not apply to members who retired on or after November 6, 1996 and were hired before January 7, 2012. For all members hired before January 7, 2012, all Supplemental COLAs paid to them in retirement benefits will continue into the future even where an additional Supplemental COLA is not payable in any given year. For members hired on and after January 7, 2012, a Supplemental COLA will only be paid to retirees when the Plan is fully funded on a market value of asset basis and in addition for these members. Supplemental COLAs will not be permanent adjustments to retirement benefits. That is, in years when a Supplemental COLA is not paid, all previously paid Supplemental COLAs will expire.

Notes to Financial Statements

(Dollars in thousands, unless otherwise stated)

Funding and Contribution Policy

SFERS Plan – Contributions are made by both the City and the participating employees. Employee contributions are mandatory as required by the Charter. Employee contribution rates varied from 7.5% to 13.0% as a percentage of gross covered salary in fiscal years 2021 and 2020. Most employee groups agreed through collective bargaining for employees to contribute the full amount of the employee contributions on a pretax basis. The City is required to contribute at an actuarially determined rate. Based on the July 1, 2019 actuarial report, the required employer contribution rate for fiscal year 2021 was 22.40% to 26.90%. Based on the July 1, 2018 actuarial report, the required employer contribution rate for fiscal year 2020 was 20.69% to 25.19%.

Employer contributions and employee contributions made by the employer to the Plan are recognized when due and the employer has made a formal commitment to provide the contributions. The City's proportionate share of employer contributions recognized by the Retirement System in fiscal year ended June 30, 2020 and 2019 (measurement period) were \$701,307 and \$607,408, respectively. The Enterprise's allocation of employer contributions for fiscal year 2020 and 2019 (measurement period) were \$29,647, and \$26,440, respectively.

Replacement Benefits Plan – The RBP is and will remain unfunded and the rights of any participant and beneficiary are limited to those specified in the RBP. The RBP constitutes an unsecured promise by the City to make benefit payments in the future to the extent funded by the City. The City paid \$3,600 replacement benefits in the year ended June 30, 2021.

Pension Liabilities, Pension Expenses, and Deferred Outflows and Inflows of Resources Related to Pensions

Fiscal Year 2021

The City reported net pension liabilities for its proportionate share of the pension liability of the Plan and RBP of \$5,292,473 as of June 30, 2021. The City's net pension liability for the SFERS Plan is measured as the proportionate share of the net pension liability. The net pension liability of the SFERS Plan is measured as of June 30, 2020 (measurement date), and the total pension liability for the SFERS Plan and RBP used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 rolled forward to June 30, 2020 using standard update procedures. The City's proportion of the net pension liability for the SFERS Plan was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The Enterprise's allocation of the City's proportionate share of the net pension liability for the Plan as of June 30, 2021 was \$215,240. The Enterprise's allocation of the total pension liability for the RBP as of June 30, 2021 was \$1,177.

For the year ended June 30, 2021, the City's recognized pension expense was \$962,576 including amortization of deferred outflow/inflow related pension items. The Enterprise's allocation of pension expense including amortization of deferred outflow/inflow related pension items was \$43,929. Pension expense increased from the prior year, largely due to the amortization of deferrals.

As of June 30, 2021, the Enterprise's reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Notes to Financial Statements June 30, 2021 and 2020

(Dollars in thousands, unless otherwise stated)

Fiscal Year 2021 Schedule of Deferred Outflows and Inflows of Resources

	SFERS	S Plan	Replacement	Benefits Plan
	Deferred Outflows	Deferred Inflows	Deferred Outflows	Deferred Inflows
	of Resources	of Resources	of Resources	of Resources
Pension contribution subsequent to measurement date \$	33,367			
Differences between expected and actual experience	7,310	674	112	_
Changes in assumptions	11,817	3,728	315	13
Net difference between projected and actual earnings on pension plan investments	4,507	-	-	-
Change in employer's proportion	6,987	54	382	416
Total \$	63,988	4,456	809	429

Amounts reported as deferred outflows, exclusive of contributions made after the measurement date, and deferred inflows of resources will be amortized annually and recognized in pension expense as follows:

			Replacement
Fiscal years	_	SFERS Plan	Benefits Plan
2022	\$	54	109
2023		6,166	193
2024		11,286	12
2025		8,659	66
Total	\$	26,165	380

Fiscal Year 2020

The City reported net pension liabilities for its proportionate share of the pension liability of the Plan of \$4,213,808 as of June 30, 2020. The City's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2019 (measurement date), and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The Enterprise's allocation of the City's proportionate share of the net pension liability for the Plan as of June 30, 2020 was \$178,133.

For the year ended June 30, 2020, the City's recognized pension expense was \$883,395 including amortization of deferred outflow/inflow related pension items. The Enterprise's allocation of pension expense including amortization of deferred outflow/inflow related pension items was \$22,296. Pension expense decreased from the prior year, largely due to the amortization of deferrals.

As of June 30, 2020, the Enterprise's reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Notes to Financial Statements

Mortality rates for active members and healthy annuitants were based upon the adjusted Employee and Healthy Annuitant CalPERS mortality tables projected generationally from the 2009 base year using a modified version of the MP-2015 projection scale.

Discount Rate

Fiscal Year 2021

SFERS Plan – The beginning and end of year measurements are based on different assumptions and contribution methods that may result in different discount rates. The discount rate was 7.40% as of June 30, 2020 (measurement date) and June 30, 2019 (measurement date).

The discount rate used to measure the Total Pension Liability as of June 30, 2020 was 7.40%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will continue to be made at the rates specified in the Charter. Employer contributions were assumed to be made in accordance with the contribution policy in effect for July 1, 2019 actuarial valuation. That policy includes contributions equal to the employer portion of the entry age normal costs for members as of the valuation date, a payment for the expected administrative expenses, and an amortization payment on the unfunded actuarial liability.

The amortization payment is based on closed periods that vary in length depending on the source. Charter amendments prior to July 1, 2014 are amortized over 20 years. After July 1, 2014, any Charter changes to active member benefits are amortized over 15 years and changes to inactive member benefits, including Supplemental COLAs, are amortized over 5 years. The remaining unfunded actuarial liability not attributable to Charter amendments as of July 1, 2013 is amortized over a 19-year period commencing July 1, 2014. Experience gains and losses and assumption or method changes on or after July 1, 2014 are amortized over 20 years. The full

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

amortization payment for the 2015 assumption changes is phased in over a period of 5 years. For the July 1, 2016 valuation, the increase in the unfunded actuarial liability attributable to the Supplemental COLAs granted on July 1, 2013 and July 1, 2014 are amortized over 17-years and 5-years respectively. All amortization schedules are established as a level percentage of payroll so payments increase 3.50% each year. The unfunded actuarial liability is based on an actuarial value of assets that smooths investment gains and losses over five years and a measurement of the actuarial liability that excludes the value of any future Supplemental COLAs.

While the contributions and measure of actuarial liability in the funding valuation do not anticipate any future Supplemental COLAs, the projected contributions for the determination of the discount rate include the anticipated future amortization payments on future Supplemental COLAs for current members when they are expected to be granted. For members who worked after November 6, 1996 and before Proposition C passed (Post 97 Retirees), a Supplemental COLA is granted if the actual investment earnings during the year exceed the expected investment earnings on the actuarial value of assets. For members who did not work after November 6, 1996 and before Proposition C passed, the market value of assets must also exceed the actuarial liability at the beginning of the year for a Supplemental COLA to be granted. When a Supplemental COLA is granted, the amount depends on the amount of excess earnings and the basic COLA amount for each membership group. The large majority of members receive a 1.50% Supplemental COLA when granted.

Because the probability of a Supplemental COLA depends on the current funded level of the Retirement System for certain members, an assumption was developed as of June 30, 2020 for the probability and amount of Supplemental COLA for each future year. There were no excess earnings during the fiscal year ending June 30, 2020; consequently, no Supplemental COLA will be paid effective July 1, 2020. The table below shows the net assumed Supplemental COLA for members with a 2.00% Basic COLA for sample years.

Assumed Supplemental COLA for Members with a 2.00% Basic COLA

		Before 11/6/96 or
Fiscal years	96 - Prop C	After Prop C
2022	0.75 %	0.19 %
2024	0.75	0.27
2026	0.75	0.30
2028	0.75	0.33
2030	0.75	0.35
2032	0.75	0.37
2034+	0.75	0.38

The projection of benefit payments to current members for determining the discount rate includes the payment of anticipated future Supplemental COLAs.

Based on these assumptions, the Retirement System's fiduciary net position was projected to be available to make projected future benefit payments for current members for all future years. Projected benefit payments are discounted at the long-term expected return on assets of 7.40% to the extent the fiduciary net position is available to make the payments and at the municipal bond rate of 2.21% to the extent they are not available. The single equivalent rate used to determine the Total Pension Liability as of June 30, 2020 is 7.40%.

The long-term expected rate of return on pension plan investments was 7.40%. It was set by the Retirement Board after consideration of both expected future returns and historical returns

60

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

experienced by the Retirement System. Expected future returns were determined by using a building-block method in which best-estimate ranges of expected future real rates of return were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Target allocation and best estimates of geometric long-term expected real rates of return (net of pension plan investment expense and inflation) for each major asset class are summarized in the following table.

Long- Term Expected Real Rates of Return

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	31.0 %	4.9 %
Private Equity	18.0	7.9
Real Assets	17.0	5.7
Hedge Funds/Absolute Return	15.0	3.0
Private Credit	10.0	4.8
Treasuries	6.0	-0.5
Liquid Credit	3.0	2.7
Total	100.0	

Replacement Benefits Plan – The beginning and end of year measurements are based on different assumptions that result in different discount rates. The discount rate was 2.21% as of June 30, 2020. This reflects the yield for a 20-year, tax-exempt general obligation municipal bond with an average rating of AA/Aa or higher. The Municipal Bond Yields are the Bond Buyer 20-Year GO Index as of June 27, 2019 and June 25, 2020. These are the rates used to determine the total pension liability as of June 30, 2020.

The inflation assumption of 2.75% compounded annually was used for projecting the annual IRC Section 415(b) limitations. However, the actual IRC Section 415(b) limitations published by the IRS of \$230 for 2020 was used for the 2020 measurement date.

The SFERS assumptions about Basic and Supplemental COLA previously discussed also apply to the Replacement Benefits Plan, including the impact of the State Appeals Court determination that the full funding requirement for payment of Supplemental COLA included in Proposition C was unconstitutional and the impact is accounted for as a change in benefits.

On June 30, 2021, City's membership in the RBP had a total of 683 active members and 105 retirees and beneficiaries currently receiving benefits. The Enterprise has 4 active members and 1 retiree and beneficiary currently receiving benefits.

Fiscal Year 2020

The beginning and end of year measurements are based on different assumptions and contribution methods that may result in different discount rates. The discount rate was 7.40% as of June 30, 2019 (measurement date) and 7.50% as of June 30, 2018 (measurement date).

The discount rate used to measure the Total Pension Liability as of June 30, 2019 was 7.40%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will continue to be made at the rates specified in the Charter. Employer contributions were assumed to be made in accordance with the contribution policy in effect for July 1, 2018 actuarial valuation. That policy includes contributions equal to the employer portion

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

of the entry age normal costs for members as of the valuation date, a payment for the expected administrative expenses, and an amortization payment on the unfunded actuarial liability.

The amortization payment is based on closed periods that vary in length depending on the source. Charter amendments prior to July 1, 2014 are amortized over 20 years. After July 1, 2014, any Charter changes to active member benefits are amortized over 15 years and changes to inactive member benefits, including Supplemental COLAs, are amortized over 5 years. The remaining unfunded actuarial liability not attributable to Charter amendments as of July 1, 2013 is amortized over a 19-year period commencing July 1, 2014. Experience gains and losses and assumption or method changes on or after July 1, 2014 are amortized over 20 years. The full amortization payment for the 2015 assumption changes is phased in over a period of 5 years. For the July 1, 2016 valuation, the increase in the unfunded actuarial liability attributable to the Supplemental COLAs granted on July 1, 2013 and July 1, 2014 are amortized over 17-years and 5-years respectively. All amortization schedules are established as a level percentage of payroll so payments increase 3.50% each year. The unfunded actuarial liability is based on an actuarial value of assets that smooths investment gains and losses over five years and a measurement of the actuarial liability that excludes the value of any future Supplemental COLAs.

While the contributions and measure of actuarial liability in the funding valuation do not anticipate any future Supplemental COLAs, the projected contributions for the determination of the discount rate include the anticipated future amortization payments on future Supplemental COLAs for current members when they are expected to be granted. For members who worked after November 6, 1996 and before Proposition C passed (Post 97 Retirees), a Supplemental COLA is granted if the actual investment earnings during the year exceed the expected investment earnings on the actuarial value of assets. For members who did not work after November 6, 1996 and before Proposition C passed, the market value of assets must also exceed the actuarial liability at the beginning of the year for a Supplemental COLA to be granted. When a Supplemental COLA is granted, the amount depends on the amount of excess earnings and the basic COLA amount for each membership group. The large majority of members receive a 1.50% Supplemental COLA when granted.

Because the probability of a Supplemental COLA depends on the current funded level of the Retirement System for certain members, the following assumptions were developed for the probability and amount of Supplemental COLA for each future year. The City has assumed that a full Supplemental COLA will be paid to all Post 97 Retirees effective July 1, 2019. The table below shows the net assumed Supplemental COLA for members with a 2.00% Basic COLA for sample years.

Assumed Supplemental COLA for Members with a 2.00% Basic COLA

		Before 11/6/96 or
Fiscal years	96 - Prop C	After Prop C
2021	0.75 %	0.27 %
2023	0.75	0.34
2025	0.75	0.36
2027	0.75	0.37
2030+	0.75	0.38

The projection of benefit payments to current members for determining the discount rate includes the payment of anticipated future Supplemental COLAs.

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

Based on these assumptions, the Retirement System's fiduciary net position was projected to be available to make projected future benefit payments for current members for all future years. Projected benefit payments are discounted at the long-term expected return on assets of 7.40% to the extent the fiduciary net position is available to make the payments and at the municipal bond rate of 3.50% to the extent they are not available. The single equivalent rate used to determine the Total Pension Liability as of June 30, 2019 is 7.40%

The long-term expected rate of return on pension plan investments was 7.40%. It was set by the Retirement Board after consideration of both expected future returns and historical returns experienced by the Retirement System. Expected future returns were determined by using a building-block method in which best-estimate ranges of expected future real rates of return were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Target allocation and best estimates of geometric long-term expected real rates of return (net of pension plan investment expense and inflation) for each major asset class are summarized in the following table.

Long- Term Expected Real Rates of Return

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equ ty	31.0 %	5.3 %
Treasuries	6.0	0.9
Liquid Cred t	3.0	3.6
Private Credit	10.0	5.2
Private Equity	18.0	8.3
Real Assets	17.0	5.4
Hedge Funds/Absolute Return	15.0	3.9
Total	100.0	

Sensitivity of Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the Enterprise's allocation of the employer's proportionate share of the net pension liability for the SFERS Plan, calculated using the discount rate, as well as what the Enterprise's allocation of the employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate.

(b) Other Post-Employment Benefits

The Enterprise participates in a single-employer defined benefit other postemployment benefits plan (the Plan). The Plan is maintained by the City and is administered through the City's Health Service System. It provides postemployment medical, dental and vision insurance benefits to eligible employees, retired employees, surviving spouses, and domestic partners. Health benefit provisions are established and may be amended through negotiations between the City and the respective bargaining units. The City does not issue a separate report on its other postemployment benefit plan.

GASB Statement No. 75 requires that reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used.

San Francisco Health Service System Retiree Plan - Single-Employer

	Fiscal year 2021
Valuation Date (VD)	June 30, 2020
Measurement Date (MD)	June 30, 2020
Measurement Period (MP)	July 1, 2019 to June 30, 2020
	Fiscal year 2020
Valuation Date (VD)	June 30, 2018 updated to June 30, 2019
Measurement Date (MD)	June 30, 2019
Measurement Period (MP)	July 1, 2018 to June 30, 2019

The Enterprise's proportionate share percentage of the Plan was determined based on its percentage of citywide "pay-as-you-go" contributions for the year ended June 30, 2020 and June 30, 2019. The Enterprise's net OPEB liability, deferred outflows/inflows of resources related to OPEB, amortization of deferred outflows/inflows and OPEB expense to each department is based on the Enterprise's allocated percentage. The Enterprise's proportionate share of the City's OPEB elements as of June 30, 2020 and 2019 measurement dates were 3.89% and 4.18%, respectively.

Benefits

Permanent full-time and elected employees are eligible to retire and receive postretirement health insurance benefits when they are eligible for retirement benefits from the City and County of San Francisco's Retirement System. The eligibility requirements are as follows:

Normal Retirement	Miscellaneous	Age 50 with 20 years of credited service ¹
		Age 60 with 10 years of credited service
	Safety	Age 50 with 5 years of credited service
Disabled Retirement ²		Any age with 10 years of credited service
Terminated Vested		5 years of credited service at separation

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

Retiree healthcare benefits are administered by the San Francisco Health Service System and include the following:

Medical: PPO - City Health Plan (self-insured) and UHC Medicare Advantage

(fully-insured)

HMO – Kaiser (fully-insured) and Blue Shield (flex-funded)

Dental: Delta Dental, DeltaCare USA and UnitedHealthcare Dental

Vision: Vision benefits are provided under the medical insurance plans and

are administered by Vision Service Plan.

Projections of the sharing of benefit related costs are based on an established pattern of practice.

Contributions

Benefits provided under the Plan are currently paid through "pay as you go" funding. Additionally, under the City Charter, active officers and employees of the City who commenced employment on or after January 10, 2009, shall contribute to the Retiree Health Care Trust Fund (Trust Fund) a percentage of compensation not to exceed 2% of pre-tax compensation. The City shall contribute 1% of compensation for officers and employees who commenced employment on or after January 10, 2009 until the City's GASB Actuary has determined that the City's portion of the Trust Fund is fully funded. At that time, the City's 1% contribution shall cease, and officers and employees will each contribute 50% of the maximum 2% of pre-tax compensation.

Starting July 1, 2016, active officers and employees of the City who commenced employment on or before January 9, 2009, shall contribute 0.25% of pre-tax compensation into the Trust Fund. Beginning on July 1st of each subsequent year, the active officers and employees of the City who commenced employment on or before January 9, 2009, shall contribute an additional 0.25% of pre-tax compensation up to a maximum of 1%. Starting July 1, 2016, the City shall contribute 0.25% of compensation into the Trust Fund for each officer and employee who commenced employment on or before January 9, 2009. Beginning on July 1st of each subsequent year, the City shall contribute an additional 0.25% of compensation, up to a maximum of 1% for each officer and employee who commenced employment on or before January 9, 2009. When the City's actuary has determined that the City's portion of the Trust Fund is fully funded, the City's 1% contribution shall cease, and officers and employees will each contribute 50% of the maximum 1% of pre-tax compensation.

Additional or existing contribution requirements may be established or modified by amendment to the City's Charter.

For the fiscal years ending June 30, 2021 and 2020, funding was based on "pay-as-you-go" plus a contribution of \$39,555 and \$39,518 to the Retiree Healthcare Trust Fund, respectively. The "pay-as-you-go" portion paid by the City was \$206,439 for a total contribution of \$245,994 for the fiscal year ending June 30, 2021, and \$196,445 for a total contribution of \$235,963 for the

¹ Age 53 with 20 years of credited service, age 60 with 10 years of credited service, or age 65 for Miscellaneous members hired on or after January 7, 2012.

² No service requirement for Safety members retiring under the industrial disability benefit or for surviving spouses / domestic partners of those killed in the line of duty.

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

fiscal year ending June 30, 2020. The Enterprise's proportionate share of the City's contributions for fiscal year 2021 was \$9,572, and for fiscal year 2020 was \$9,863.

OPEB liabilities, OPEB Expenses and Deferred Outflows/Inflows of Resources Related to OPEB

Fiscal Year 2021

As of June 30, 2021, the City reported net OPEB liabilities related to the Plan of \$3,823,334. The Enterprise's proportionate share of the City's net OPEB liability as of June 30, 2021 was \$148,771.

For the year ended June 30, 2021, the City's recognized OPEB expense was \$320,684. Amortization of the City's deferred outflows and inflows is included as a component of OPEB expense. The Enterprise's proportionate share of the City's OPEB expense was a credit of \$5,978.

As of June 30, 2021, the Enterprise reported its proportionate share of the City's deferred outflows/inflows of resources related to OPEB from the following sources:

	Outflows of Inflo		ferred ows of sources		
Contributions subsequent to measurement date		\$	9,572	\$	-
Differences between expected and actual experience			5,394		21,315
Changes in assumptions			7,531		-
Change in Proportion			15,168		
Net difference between projected and actual earnings on plan investments	_		97		
	Total	\$	37,762	\$	21,315

Amounts reported as deferred outflows, exclusive of contributions made after the measurement date, and deferred inflows of resources will be amortized annually and recognized in OPEB expense as follow:

Year ended June 30:	
2022	\$ 1,266
2023	1,324
2024	1,312
2025	1,351
2026	1,368
Thereafter	254
Total	\$ 6,875

Fiscal Year 2020

As of June 30, 2020, the City reported net OPEB liabilities related to the Plan of \$3,915,814. The Enterprise's proportionate share of the City's net OPEB liability as of June 30, 2020 was \$163,684.

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

For the year ended June 30, 2020, the City's recognized OPEB expense was \$330,673. Amortization of the City's deferred inflow is included as a component of pension expense. The Enterprise's proportionate share of the City's OPEB expense was \$6,125.

As of June 30, 2020, the Enterprise reported its proportionate share of the City's deferred outflows/inflows of resources related to OPEB from the following sources:

	Deferred Outflows of		Deferred Inflows of	
			sources	
Contributions subsequent to measurement date	\$	9,863	\$	-
Differences between expected and actual experience		6,953		11,517

Discount Rate

Fiscal Year 2021

The discount rate used to measure the Total OPEB Liability as of June 30, 2020 was 7.0%. Based on the assumption that plan member contributions will continue to be made at the rates specified in the Charter, it was determined that the Plan's projected fiduciary net position will be greater than or equal to the benefit payments projected for each future period. As such, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

The long-term expected rate of return on OPEB plan investments was 7.0% based on expected future returns and historical returns experienced by the Trust Fund. Expected future returns were determined based on 10-year and 20-year capital market assumptions for the Trust Fund's asset allocation. Target allocation for each major asset class and best estimates of geometric real rates of return are summarized in the following table:

		Long-term
		Expected Real
Asset Class	Target Allocation	Rate of Return
Equities		
U.S. Large Cap	28.0%	8.4%
U.S. Small Cap	3.0%	9.8%
Developed Market Equity (non-U.S.)	15.0%	9.6%
Emerging Market Equity	13.0%	11.7%
Credit		
Bank Loans	3.0%	4.9%
High Yield Bonds	3.0%	4.9%
Emerging Market Bonds	3.0%	4.8%
Rate Securities		
Investment Grade Bonds	9.0%	2.2%
Long-term Government Bonds	4.0%	3.1%
Short-term Treasury Inflation-Protected Securties (TIPS)	4.0%	1.9%
Private Markets		
Private Equity	5.0%	12.5%
Core Private Real Estate	5.0%	6.4%
Risk Mitigating Strategies		
Global Macro	5.0%	4.1%
Total	100.0%	

The asset allocation targets summarized above have a 20-year return estimate of 6.90%, which was weighted against a 10-year model estimating a 6.93% return, resulting in the ultimate long-term expected rate of return of 7.00%.

70

I ong-term

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

The following presents the Enterprise's proportionate share of the City's net OPEB liability calculated using the discount rate, as well as what the Enterprise's proportionate share of the City's net OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

1% Decrease			Discount Rate		1% Increase		
6.00%		7.00%		8.00%			
\$	172,646	\$	148,771	\$	129,281		

Fiscal Year 2020

The discount rate used to measure the Total OPEB Liability as of June 30, 2019 was 7.4%. Based on the assumption that plan member contributions will continue to be made at the rates specified in the Charter, it was determined that the Plan's projected fiduciary net position will be greater than or equal to the benefit payments projected for each future period. As such, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

The long-term expected rate of return on OPEB plan investments was 7.4% based on expected future returns and historical returns experienced by the Trust Fund. Expected future returns were determined based on 10-year and 20-year capital market assumptions for the Trust Fund's asset allocation. Target allocation for each major asset class and best estimates of geometric real rates of return are summarized in the following table:

		Long-term Expected Real
	Target Allocation	Rate of Return
	41.0%	8.1%
	20.0%	8.5%
	16.0%	10.4%
	3.0%	6.5%
	3.0%	6.1%
	3.0%	5.2%
	5.0%	3.6%
	9.0%	3.9%
Total	100.0%	
	Total	41.0% 20.0% 16.0% 3.0% 3.0% 3.0% 5.0% 9.0%

The asset allocation targets summarized above have a 20-year return estimate of 8.3%, which was weighted against a 10-year model estimating a 7.5% return, resulting in the ultimate long-term expected rate of return of 7.4%.

The following presents the Enterprise's proportionate share of the City's net OPEB liability calculated using the discount rate, as well as what the Enterprise's proportionate share of the City's net OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

Notes to Financial Statements

The City issues a publicly available financial report that includes the complete note disclosures and required supplementary information related to the City's postemployment health care obligations. The report may be obtained by writing to the City and County of San Francisco, Office of the Controller, 1 Dr. Carlton B. Goodlett Place, Room 316, San Francisco, California 94102, or by calling (415) 554-7500.

(11) Related Parties

Various common costs incurred by the Commission are allocated among the Enterprise, Hetch Hetchy Water and Power and CleanPowerSF Enterprise, and the Wastewater Enterprise. The allocations are based on the Commission management's best estimate and may change from year to year depending on the activities incurred by each Enterprise and the information available. The administrative costs including COVID-19 Project expenses of \$48,374 or 49.4% and \$45,533 or 49.3% were allocated to the Enterprise for the years ended June 30, 2021 and 2020, respectively.

The City performs certain administrative services such as maintenance of accounting records and investment of cash for all fund groups within the City. The various funds are charged for these services based on the City's indirect cost allocation plan.

The Enterprise purchases water from Hetch Hetchy Water. The amounts, totaling \$44,149 and \$34,585 for the years ended June 30, 2021 and 2020, respectively, have been included in the services provided by other departments in the accompanying financial statements.

The Enterprise purchases electricity from Hetch Hetchy Power at market rates. The amounts, totaling \$9,790 and \$9,909 for the years ended June 30, 2021 and 2020, respectively, have been included in services provided by other departments in the accompanying financial statements.

The Enterprise sold water to the Wastewater Enterprise at retail rates. This amount, totaling \$1,308 and \$1,474 for the years ended June 30, 2021 and 2020, respectively, has been included in charges for services in the accompanying financial statements.

Since fiscal year 2008, the Enterprise has charged City departments for water usage except for fire hydrants, which are used for general public safety. In fiscal years 2021 and 2020, the Enterprise delivered water for fire hydrant purposes totaling \$7, based on metered usage and applicable water rates, and the amount has been excluded from operating revenues in the accompanying financial statements.

A variety of City departments provide services such as engineering, purchasing, legal, data processing, telecommunications, and human resources to the Enterprise and charge amounts designed to recover those departments' costs. These charges, totaling \$16,239 and \$16,634 for the years ended June 30, 2021 and 2020, respectively, have been included in services provided by other departments in the accompanying financial statements.

During the fiscal year ended June 30, 2021, the Enterprise transferred \$16,000 to Hetch Hetchy Water to fund various upcountry capital projects, \$622 to the Arts Commission for arts enrichment, and \$32 to the Office of the City Administrator for the Surety Bond Program. The Enterprise received

Notes to Financial Statements

(Dollars in thousands, unless otherwise stated)

\$20,040 from the City for the Emergency Firefighting Water system, and \$985 from the General Fund for low income assistance programs and the Native Plant Garden project.

As of June 30, 2021, the Enterprise has no payables to other City departments. As of June 30, 2020, the Enterprise had payables in the amount of \$606 to the Office of the City Attorney for legal services provided, and \$68 to the Department of Public Works for sidewalk inspection and repair projects.

SFPUC's 75-year lease agreement with the San Francisco Recreation and Park Department, for the use of parking spaces for its fleet of vehicles at the Civic Center Garage, commenced on February 1, 2011. The total payment under this agreement is \$6,274, which was fully made as of fiscal year 2015. The expenses and prepayments among the three SFPUC Enterprises are based on 525 Golden Gate occupancy. As of June 30, 2021, the Enterprise's allocable shares of expenses and prepayment were \$45 and \$3,309, respectively; and at June 30, 2020, the Enterprise's allocable shares of expenses and prepayment were \$45 and \$3,354, respectively.

(12) Risk Management

The Enterprise's Risk Management program includes both self-insured (i.e., self-retention) and insured exposures at risk. Risk assessments and purchasing of insurance coverage are collaboratively coordinated by SFPUC Risk Management and the City's Office of Risk Management. With certain exceptions, the City and the Enterprise's general approach is to first evaluate the exposure at risk for self-insurance. Based on this analysis, internal mitigation strategies and financing through a self-retention mechanism is generally more economical as the SFPUC in coordination with the City Attorney's Office, administers, adjusts, settles, defends, and pays claims from budgeted resources (i.e., pay-as-you-go fund). When economically more viable or when required by debt financing covenants, the Enterprise obtains commercial insurance. At least annually, the City actuarially determines general liability and workers' compensation risk exposures. The Enterprise does not maintain commercial earthquake coverage, with certain minor exceptions, such as a sub-limit for fire-sprinkler leakage due to earthquake under the SFPUC Property Insurance program. In the past three years, there was no settlements that exceeded insurance coverage.

	Risk	Coverage Approach			
(a)	General liability	Self-Insured			
(b)	Workers' compensation	Self-Insured through Citywide Pool			
(c)	Property	Purchased Insurance and Self-Insured			
(d)	Public officials liability	Purchased Insurance			
(e)	Employment practices liability	Purchased Insurance			
(f)	Cyber Liability	Purchased Insurance			
(g)	Crime	Purchased Insurance			
(h)	Electronic data processing	Purchased Insurance and Self-Insured			
(i)	Surety bonds	Purchased and Contractual Risk Transfer			
(j)	Errors and omissions	Purchased and Contractual Risk Transfer			
(k)	Builders' risk	Contractual Risk Transfer			

(a) General Liability

Through coordination with the Controller Office and the City Attorney's Office, the general liability risk exposure is actuarially determined and is addressed through pay-as-you-go funding as part of the budgetary process. Associated costs and estimates are recorded as expenses as required

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

under GAAP for financial statement purposes for both the Enterprise and the City and County of San Francisco's Annual Comprehensive Financial Report. The claim expense allocations are determined based on actuarially determined anticipated claim payments and the projected timing of disbursement.

The changes for the general liability (damage claims) for the years ended June 30, 2021 and 2020 are as follows:

Fiscal years	Beginning ears of year		Claims and changes in estimates	Claims paid	End of vear	
2021	\$	10,767	27,643	(1,687)	36,723	
2020		11.509	709	(1.451)	10.767	

(b) Workers' Compensation

The City actuarially determines and allocates workers' compensation costs to the Enterprise according to a formula based on the following: (i) the dollar amount of claims; (ii) yearly projections of payments based on historical experience; and (iii) the size of the Enterprise's payroll. The administration of workers' compensation claims and payouts are handled by the Workers' Compensation Division of the City's Department of Human Resources. Statewide workers' compensation reforms have resulted in budgetary savings in recent years. The City continues to develop and implement improved programs, such as return-to-work programs, to lower or mitigate the growth of workers' compensation costs. Programs include accident prevention, investigation, and duty modification for injured employees with medical restrictions so return to work can occur as soon as possible.

The changes in the liabilities for workers' compensation for the years ended June 30, 2021 and 2020 are as follows:

Fiscal years	Fiscal years		Claims and changes in estimates	Claims paid	End of year	
2021	\$	9,174	1,912	(2,258)	8,828	
2020		10,336	1,065	(2,227)	9,174	

(c) Property

The Enterprise's property risk management approach varies depending on whether the facility is currently under construction, the property is part of revenue-generating operations, the property is of high value, or is mission-critical in nature. During the course of construction, the Enterprise requires each contractor to provide its own insurance, while ensuring the full scope of work be covered with satisfactory levels to limit the Enterprise's risk exposure. Once construction is complete, the Enterprise performs an assessment to determine whether liability/loss coverage will be obtained through the commercial property policy or self-insurance. The majority of property scheduled in the insurance program is for either: (1) revenue generating facilities, (2) debt-financed facilities, (3) mandated coverage to meet statutory requirements for bonding of various public officials, or (4) high-value, mission-critical property or equipment.

(d) Public Officials Liability

All Enterprise public officials with financial oversight responsibilities are provided coverage through a commercial Public Officials Liability Policy.

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

(e) Employment Practices Liability

A Policy is retained to protect against employment-related claims and liabilities.

(f) Cyber Liability

A Policy is retained to protect against cyber-related claims and liabilities.

(g) Crime

The Enterprise also retains a Commercial Crime Policy, in lieu of bonding its employees, to provide coverage against liabilities or losses due to third-party crime or employee fraud.

(h) Electronic Data Processing

The Electronic Data Processing policy protects selected high-value electronic property in case of damage or loss.

(i) Surety Bonds

Bonds are required in most phases of the public utilities construction contracting process for such phases as bid, performance, and payment or maintenance. Additionally, bonds may be required in other contracts where goods or services are provided to ensure compliance with applicable terms and conditions such as warranty.

(j) Errors and Omissions

Errors and omissions, also known as Professional Liability, are commonly transferred through contract to the contracted professional, or retained through self-insurance on a case-by-case basis depending on the size, complexity, or scope of construction or professional service contracts. Examples of such contracts are inclusive of services provided by engineers, architects, design professionals, and other licensed or certified professional service providers.

(k) Builders' Risk

Builders' risk policies of insurance are required to be provided by the contractor on all construction projects for the full value of construction.

(13) Commitments and Litigation

(a) Commitments

As of June 30, 2021 and 2020, the Enterprise has outstanding commitments with third parties of \$185,161 and \$208,832, respectively, for various capital projects and other purchase agreements for materials and services.

(b) Grants

Grants that the Enterprise receives are subject to audit and final acceptance by the granting agency. Current and prior year costs of such grants are subject to adjustment upon audit.

Notes to Financial Statements
June 30, 2021 and 2020
(Dollars in thousands, unless otherwise stated)

(c) Litigation

The Enterprise is a defendant in various legal actions and claims that arise during the normal course of business. The final disposition of those legal actions and claims is not determinable. However, in the opinion of management, the outcome of any litigation of these matters will not have a material effect on the financial position or changes in net position of the Enterprise.

(d) Environmental Issue

As of June 30, 2021 and 2020, the Enterprise recorded \$1,271 and \$1,577 in pollution remediation liability, respectively. This decrease of \$306 in pollution remediation liability in fiscal year 2021 is for expenses relating to the excavation of contaminated soil that contained polycyclic aromatic hydrocarbons from the Pacific Rod & Gun Club site in the Lake Merced area, and remediation activities for the 17^{th} and Folsom site. As of June 30, 2021, the pollution remediation liability of \$1,271 was related to the Pacific Rod & Gun Club site. As of June 30, 2020, the pollution remediation liability of \$1,577 consisted of \$1,274 for the Pacific Rod & Gun Club site, and \$303 for the 17^{th} and Folsom site.

(14) Subsequent Events

(a) Declaration of Emergency

On August 23, 2021 a water main ruptured at 22nd Avenue and Sloat Boulevard, causing flooding to adjacent areas. In accordance with Chapter 6, Article IV, Section 6.60(d) of the Administrative Code of the City, the SFPUC declared an emergency relating to this event. As of issuance date, the Enterprise has spent \$387 towards restoration.

(b) SFPUC's Claim to California State for Arrearages Relief

The California State Water Board is administering funds to community water and wastewater systems for the California Water and Wastewater Arrearage Payment Program (Program) during fiscal year 2022, sourced by the American Rescue Plan Act. The Program was created to provide relief for unpaid bills related to the COVID-19 pandemic. The SFPUC has submitted surveys to the State Water Board with information on water arrearages accrued during the pandemic and is in the process of submitting an application. Funds of approximately \$7,310 for water arrearage relief are expected to reach the SFPUC sometime in early 2022.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

The Honorable Mayor and Board of Supervisors City and County of San Francisco, California:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of San Francisco Water Enterprise (the Enterprise), an enterprise fund of the City and County of San Francisco, California (the City), which comprise the statement of net position as of June 30, 2021, and the related statements of revenues, expenses, and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 27, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Enterprise's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Enterprise's internal control. Accordingly, we do not express an opinion on the effectiveness of the Enterprise's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Enterprise's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Enterprise's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Enterprise's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

KPMG LLP

San Francisco, California January 27, 2022

Our mission

To provide our customers with high-quality, efficient and reliable water, power and sewer services in a manner that values environmental and community interests and sustains the resources entrusted to our care.
